R4-30-208 a docket has been opened and will remain open until December 27, 2005 when it will automatically terminate; A.A.C. R4-30-301(21) Contingency fees, and A.A.C. R4-30-221(2) Architectural Engineer, are at the Governor's Regulatory Review Council (GRRC) for a courtesy review. A Notice of Proposed Rulemaking to be submitted when review is complete.

The annual Firm registration notification program has been developed and was tested in November 2005 with an 83% overall renewal rate. The program will be fully implemented on January 1, 2006. Firms that do not file a completed application and submit the proper fee by the last day of the expiring registration month will subject both the firm and the responsible registrant to civil penalties and investigation costs for unlicensed practice. Applications will be deemed timely if postmarked on or before the last day of the month of expiration.

Staff has been working with the Government Information Technology Agency (GITA) and IBM to develop an online renewal program for individual registrants to pay by credit card. The test renewal page has been developed and will be tested in January 2006. It is anticipated that this program will be operational by April 2006.

On September 9, 2005, the committee of reference reviewed the Board's written reply to the sunset review questions and received an oral report from Mr. Dalrymple regarding the Board's efficiency and effectiveness. The committee voted 8-0 to recommend to the full legislature the continuance of the Board for 10 years. This recommendation will be received and acted upon by the legislature in the next legislative session after committee meeting in each chamber.

Board staff will be providing support at the Western Region Meeting of the WCARB to be held in Tucson, March 2006.

### PROPOSAL FOR TECHNICAL REGISTRATION FOR:

Building Engineering Systems Designer

Mr. Habermann addressed the Board. After discussion, the Board concluded that they do not have the authority to create this designation and referred Mr. Habermann to direct his request to the State of Arizona Legislature. No Action Taken.

## 10. DIRECTOR'S REPORT

Mr. Dalrymple reported that A.A.C. R4-30-208 terminated on 12/27/05 with no action taken since docket opening on 12/27/04. A.A.C. R4-30-301(21) regarding contingency fees, and A.A.C R4-30-221(2) regarding the designation of Architectural Engineer, are at the Governor's Regulatory Review Council for a review of suggested changes, and the Notice of Proposed Rule Making will be filed when this review is completed.

The annual Firm registration notification program has been developed and was tested in November 2005 with an 83% overall renewal rate. The program will be fully implemented on January 1, 2006. Firms that do not file a completed application and submit the proper fee by the last day of the expiring registration month will subject both the firm and the responsible registrant to civil penalties and investigation costs for unlicensed practice. Applications are considered timely if postmarked on or before the last day of the month of expiration.

Staff has been working with the Government Information Technology Agency (GITA) and IBM to develop an online renewal program for individual registrants to pay by credit card. This technology is already in use by the Department of Motor Vehicles, the Real Estate Department and the Pharmacy Board. The Board of Technical Registration is the next agency to attempt to convert their system to allow this feature. An operational review will take place in mid-January prior to an actual test of the system. It is anticipated that this program will be operational by March 2006

On September 9, 2005, the committee of reference reviewed the Board's written reply to the sunset review questions and received an oral report from Mr. Dalrymple regarding the Board's efficiency and effectiveness. The committee voted 8-0 to recommend to the full legislature the continuance of the Board for 10 years.

On January 12, 2006, the House Commerce Committee recommended that HB 2042 (repeal of the 2006 sunset of the BTR) be forwarded with a DO PASS recommendation. The next action should be by the full House.

On-line renewal of individual registrations

Staff is working with the Government Information Technology Agency and IBM to develop the ability to accept renewal of individual registrations over the internet utilizing credit cards. It is anticipated that this program will become operational by the end of March. The technology is already in use by the Department of Motor Vehicles, the Real Estate Department and the Pharmacy Board. The Board of Technical Registration is the next agency to attempt to convert their system to allow this feature.

The test electronic renewal page was reviewed by the development team on 12-12-05 and appears to have all necessary elements for renewal. An operational review will take place January 18, 2006 prior to an actual test of the system.

A number of teleconferences have taken place between IBM, LaVern and Julie, and DOA to review the program and computer program modifications necessary to accurately exchange fee payment information. DOA and IBM are getting close to getting the information exchange format finalized.

Staff disciplinary action comments:

The issues surrounding actions of the Board and recommendations to the Board in investigation matters before the Board were discussed by senior staff and the Board's legal advisor.

A.R.S. 32-128 authorizes the Board to initiate disciplinary action against registrants.

A.R.S. 32-106.02 authorizes the Board to initiate an action against non-registrants.

Points:

- Any violation of the Board's statute and rules affects the Health, Safety and Welfare of the people of the State.
- The EAC members are selected for their expertise in their professions; therefore, the members are to be utilized to analyze the complaints in light of that expertise. The recommended sanctions from the committee should be a part of the considerations of the staff when negotiating and should be a factor along with the particulars of the instant case and precedent. The EAC is most helpful in educating the staff and board as to the relative seriousness of the violation.
- Letter of Concern: a non-disciplinary measure to be utilized when it is determined that an alleged violation is, in fact, not a violation or "unsubstantiated". It may be recommended by a committee or the board staff as a remedial measure to enlighten the registrant as to practices which might be improved upon; or
- Letter of Concern: a non-disciplinary measure to be utilized when it is determined that a violation has occurred, that is, it is "substantiated." However, the violation is classified as "de minimus" or so "trifling" that discipline is not warranted. (An example is driving 36 MPH in a 35 MPH zone.) All other violations shall receive some form of discipline as is the charge by the legislature to regulatory agencies.
- Letter of Reprimand: a disciplinary measure to be utilized when it is determined that a violation has occurred but it is minor in nature but more than a "trifling" violation. A Letter of Reprimand is the lowest level of disciplinary action utilized by the Board. The EAC/reviewer will offer an opinion as to the severity of the violation.
- The sanctions after Letter of Reprimand are more severe: administrative penalties, probation with requirements such as remedial classes, peer review etc.

Senior staff and legal counsel believe that committee members should provide staff and the Board with general guidance toward settlement, rather than specific recommendations. Each committee is made up of different members and committee members vary in their experience; their individual interpretations of what constitutes suitable professional practice, and their knowledge of what the Board deemed to be appropriate action in similar cases in the past. Staff has a greater knowledge of what the Board has done in the past and can factor that into their decisions affecting the outcome of settlement negotiations.

#### Sunset Review

On September 9, the committee of reference reviewed the Board's written reply to the sunset review questions, and received an oral report from me on the regulation of the regulated groups and accepted public input relating to the Board's efficiency and effectiveness.

The committee then voted 8-0 to recommend to the full legislature the continuance of the Board for 10 years. This recommendation will be received and acted upon by the legislature in the next legislative session after committee meetings in each chamber.

On January 12, 2006, the House Commerce Committee recommended that HB 2042 (repeal of the 2006 sunset of the BTR) be forwarded with a DO PASS recommendation. The next action should be by the full House.

The Committee on Commerce and Economic Development was scheduled to hear our sunset bill on Wednesday, February 22, however, the meeting was cancelled on February 21. It may be on next Wednesday's calendar.

#### WCARB meeting

The western region meeting of the NCARB will be in Tucson, March 16 through 18. Some of the Board staff will be providing support at the meeting.

Phoenix, AZ 85007

Tuesday, March 21, 2006

9:30 AM

OPEN SESSION

Title II of the Americans with Disabilities Act (ADA) prohibits the Board of Technical Registration from discriminating on the basis of disability in its public meetings. Persons with a disability may request a reasonable accommodation such as a sign language interpreter by contacting LaVern Douglas at (602) 364-4937. Requests should be made as early as possible to allow time to accommodate the request.

The Board may discuss, consider or take action on any item on the agenda. At the discretion of the Board, agenda items may be taken out of order.

All examination material, transcripts, educational records, reference forms and applications are confidential pursuant to A.R.S. § 32-129.

The Board may vote to go into executive session intermittently during the meeting on any of the following agenda items to review statutorily confidential materials or receive legal advice from counsel pursuant to A.R.S. § 38-431.03(A)(2) or (3).

- C. Discussion and Consideration Re: Proceed to Formal Administrative Hearing
1. M06-119 / MIR04-042 Robert Beamish, R.L.S. #14165: Mr. Lane moved to proceed to a Formal Administrative Hearing. Mr. Pearson seconded. After discussion, Motion Carried.

**6. Review, Consideration & Possible Vote on the following:**

**EVALUATION OF APPLICATIONS FOR EXAMINATION AND/OR POSSIBLE GRANTING OF REGISTRATION OR CERTIFICATION**

1. Donald Zucarelli – Land Surveyor #051230: Mr. Lane moved to deny registration for the following reasons: 1) Respondent failed to answer question numbers 3, 4, and 6 correctly as to disclosure and previous complaints against him that have not been resolved; 2) Respondent failed to respond to complaints filed against him; and, 3) Respondent engaged in the practice of Land Surveying when registration had expired on December 31, 2001, and lapsed by the Board on March 29, 2005. The Board has determined that the Respondent has demonstrated a pattern of disregard for the Board's Statutes and Rules and would therefore be an ungovernable registrant. Ms. Garcia seconded. After discussion, Motion Carried.
2. James Baker – Civil #051922: Ms. Cornelio moved to accept and grant certification. Mr. Pearson seconded. Motion Carried.

**7. EVALUATION COMMITTEE AND STAFF RECOMMENDATIONS AND POSSIBLE GRANTING OF REGISTRATION OR CERTIFICATION (LIST AVAILABLE AT BOARD OFFICE)**

1. Granting of professional or in-training registration.
2. Approval to sit for the professional or in-training examination.
3. Recommendation for denial of professional registration or in-training examination.
4. Recommendation for denial of professional registration or in-training designation.

Mr. Lane moved to accept the committee and staff recommendations listed in items 1 - 4. Ms. Cornelio seconded. Motion carried.

8. **Review, Consideration & Possible Vote on the following:**

OCTOBER 2005 EXAMINATION IRREGULARITY REPORT RECEIVED FROM NCEES (NATIONAL COUNCIL OF EXAMINERS FOR ENGINEERING AND SURVEYING)

1. Asa Mayo – Fundamentals of Engineering: Ms. Garcia moved to accept the examination results provided by NCEES and to dismiss the allegation of collusion. Mr. Pearson seconded. Mr. Mayo addressed the Board. After discussion, Motion Carried.
2. Soumya Biswas – Civil Engineer: Ms. Garcia moved to accept the examination results provided by NCEES and to dismiss the allegation of collusion. Mr. Lane seconded. Mr. Biswas addressed the Board. After discussion, Motion Carried.
3. Peter Takach – Civil Engineer: Ms. Garcia moved to accept the examination results provided by NCEES and to dismiss the allegation of collusion. Mr. Lane seconded. Mr. Takach addressed the Board. After discussion, Motion Carried.

9. LAPSED LIST

Mr. Lane moved to lapse those registrants listed beginning with *Abhyanker* and ending with *Umphrey*. Ms. Garcia seconded. Motion Carried.

10. DIRECTOR'S REPORT

Mr. Dalrymple reported that A.A.C. R4-30-208 terminated on 12/27/05 with no action taken since docket opening on December 27, 2004. A.A.C. R4-30-301(21) regarding contingency fees, and A.A.C R4-30-221(2) regarding the designation of Architectural Engineer, are at the Governor's Regulatory Review Council for a review of suggested changes, and the Notice of Proposed Rule Making will be filed when this review is completed.

The annual Firm registration notification program has been developed and was tested in November 2005 with an 83% overall renewal rate. The program will be fully implemented on January 1, 2006. Firms that do not file a completed application and submit the proper fee by the last day of the expiring registration month will subject both the firm and the responsible registrant to civil penalties and investigation costs for unlicensed practice. Applications are considered timely if postmarked on or before the last day of the month of expiration.

Staff has been working with the Government Information Technology Agency (GITA) and IBM to develop an online renewal program for individual registrants to pay by credit card. It is anticipated that this program will be operational by the end of March 2006. This technology is already in use by the Department of Motor Vehicles, the Real Estate Department and the Pharmacy Board. The Board of Technical Registration is the next agency to attempt to convert their system to allow this feature.

The test electronic renewal page was reviewed by the development team on December 12, 2005 and appears to have all necessary elements for renewal. An operational review will take place on January 18, 2006, prior to an actual test of the system.

A number of teleconferences have taken place between IBM, LaVern, Julie and DOA to review the program and computer program modifications necessary to accurately exchange fee payment information. DOA and IBM are getting close to finalizing the exchange format.

On September 9, 2005, the committee of reference reviewed the Board's written reply to the sunset review questions and received an oral report from Mr. Dalrymple regarding the Board's efficiency and effectiveness. The committee voted 8-0 to recommend to the full legislature the continuance of the Board for 10 years. This recommendation will be received and acted upon by the legislature in the next legislative session after committee meetings in each chamber.

On January 12, 2006, the House Commerce Committee recommended that HB 2042 (repeal of the 2006 sunset of the BTR) be forwarded with a DO PASS recommendation. The next action should be by the full House.

The Committee on Commerce and Economic Development was scheduled to hear our sunset bill on Wednesday, February 22, 2006, however the meeting was cancelled on February 21, 2006. It may be on the calendar on Wednesday, March 1, 2006.

WCARB MEETING. The western region meeting of the NCARB will be in Tucson, March 16 through 18, 2006. Some of the Board staff will be providing support at the meeting.

11. RECOMMENDATION RELATED TO ENFORCEMENT ACTION GUIDELINES

Tabled until the March 21, 2006 meeting.

12. FUTURE BOARD MEETINGS – Tuesday, March 21, 2006 at 9:30 am.

13. FUTURE AGENDA ITEMS

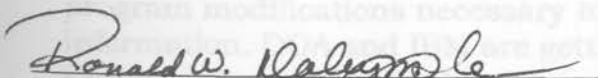

- Report to the Board regarding various Orders: Assistant Attorney General, Terrie Sanders
- Statistical analyses information regarding NCEES examination irregularity reports

14. ADJOURNMENT – Meeting adjourned at 12:43 pm.

On-line renewal of individual registrations:

Staff is still working with the Government Information Technology Agency and IBM to develop the ability to accept renewal of individual registrations over the internet utilizing credit cards. It is anticipated that this program will become operational by the end of March. The technology is already in use by the Department of Motor Vehicles, the Real Estate Department and the Pharmacy Board. The Board of Technical Registration is the next agency to attempt to convert their system to allow this feature.

The test electronic renewal page was reviewed by the development team on December 12, 2005, and appears to have all necessary elements for renewal. An operational review will take place January 18, 2006, prior to an actual test of the system.

A number of teleconferences took place between IBM, LaVern, Julie, and DOA in February and March to review the program and computer program modifications necessary to accurately exchange fee payment information. DOA and IBM are getting close to getting the information exchange format finalized.

#### Sunset Review

On September 9, 2005, the committee of reference reviewed the Board's written reply to the sunset review questions, and received an oral report from me on the regulation of the regulated groups and accepted public input relating to the Board's efficiency and effectiveness.

The committee then voted 8-0 to recommend to the full legislature the continuance of the Board for 10 years. This recommendation will be received and acted upon by the legislature in the next legislative session after committee meetings in each chamber.

On January 12, 2006, the House Commerce Committee recommended that HB 2042 (repeal of the 2006 sunset of the BTR) be forwarded with a DO PASS recommendation. The next action should be by the full House.

The Committee on Commerce and Economic Development heard our sunset bill and recommended passage of the bill. The next action will be the acceptance of the bill by the entire Senate. We do not anticipate any problems. After that, the bill will go to the Governor.

#### WCARB meeting

After discussion, Motion Carried.

## 6. HOME INSPECTOR ENFORCEMENT MATTERS

### A. Proposed Letters of Concern

1. M05-245 S.O.S. Inspection, Inc., Daniel Rachoy - Mr. Lane moved to dismiss. Mr. Nelson seconded. Mr. Rachoy addressed the Board. After discussion, Motion Carried.
2. M05-247 Quality Home Inspection, Kevin Junior - Mr. Nelson moved to dismiss. Mr. Starling seconded. After discussion, Motion Carried. (Mr. Lane and Mr. Roos voted Nay)

The Board dismissed both cases listed above as there was a consensus that the Home Inspection firms, not the individual registrants, participated in a preferred vendor program provided by ReMax 2000, a real estate company. The Board directed staff to send letters to the above Home Inspection firms notifying them that future participation in the ReMax 2000 preferred vendor program may result in disciplinary action. In the future, disciplinary action may be taken against any Home Inspection firms participating in similar preferred vendor programs.

7. EVALUATION OF APPLICATIONS FOR EXAMINATION AND/OR POSSIBLE GRANTING OF REGISTRATION OR CERTIFICATION

A.1 Marc O'Dell, #060209 – Engineer In Training Examination - Mr. Lane moved to table this item in order for staff to invite Mr. O'Dell to a future Board meeting.

A.2. John Burke, #051758 - Architect Registration - Mr. Starling moved to approve registration for Mr. Burke. Mr. Lane seconded. Motion Carried.

8. EVALUATION COMMITTEE AND STAFF RECOMMENDATIONS AND POSSIBLE GRANTING OF REGISTRATION OR CERTIFICATION (LIST AVAILABLE AT BOARD OFFICE)

1. Granting of professional or in-training registration.
2. Approval to sit for the professional or in-training examination.
3. Recommendation for denial of the professional or in-training examination.
4. Recommendation for denial of professional registration or in-training Designation

Mr. Lane moved to accept the committee and staff recommendations listed in items 1 - 4. Mr. Nelson seconded. Motion carried.

9. RECOMMENDATION RELATED TO ENFORCEMENT ACTION GUIDE LINES - After discussion, the Board directed staff to forward this agenda item to the Legislative and Rules Committee for revisions.

10. RULE PACKAGE A.A.C. R4-30-304 - Mr. Lane moved to forward this rule package to the Governor's Regulatory Review Council for courtesy review and final approval. Mr. Nelson seconded. Motion Carried.

11. NCEES RESOLUTION REGARDING GEOLOGICAL & GEOTECHNICAL ENGINEERING - The Board tabled this agenda item until Ms. Garcia is available for comment.

12. DIRECTOR'S REPORT

Rule Package Status Report:

R4-30-301(21) regarding Contingency fees has been submitted to GRRC and is scheduled for the May 2, 2006 council agenda.

R4-30-221(2) regarding recognition of Architectural Engineers has been submitted to GRRC and is scheduled for the May 2, 2006 council agenda.

On-line renewal of individual registrations:

Staff is still working with the Government Information Technology Agency and IBM to develop the ability to accept renewal of individual registrations over the internet utilizing credit cards. It is anticipated that this program will become operational by the end of April. The technology is already in use by the Department of Motor Vehicles, the Real Estate Department and the Pharmacy Board. The Board of Technical Registration is the next agency to attempt to convert their system to allow this feature.

The test electronic renewal page was reviewed by the development team on number of occasions during March and April. A number of programming issues have delayed the start date of the program however; it appears that an early May start date might be feasible.

**Sunset Review:**

The Governor has signed the continuation bill setting the next expiration date for the Board for the year 2016.

**Arizona Ranger Assistance:**

A tentative arrangement has been negotiated with the Arizona Rangers that will allow us to utilize them as volunteer investigators for the monitoring of "dirty" seized drug lab sites. Legal counsel has checked to see if there were any legal issues that would prevent us from using them and it appears there is not a problem.

The Rangers are a statewide volunteer law enforcement assistance group and a 501(C) (3) corporation with a \$1 million dollar liability insurance policy which covers their members while performing their duties. Additionally, AR.S. § 32-110 provides liability protection for agents of the Board with respect to acts done and actions taken in good faith within the scope of their authority.

If implemented, this program will provide us with the resources to monitor seized lab sites for unlawful cleanups and assist in the enforcement of the prohibitions against occupation prior to lawful remediation. Both of these appear to be significant problems at this time.

**Additional Personnel for the Meth Lab Program:**

The Governor's office is attempting to find a sponsor for a bill to provide the Board with two additional investigators to strengthen our meth lab program.

13. FUTURE BOARD MEETINGS - Tuesday, May 16, 2006 at 9:30 a.m.

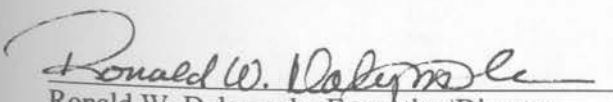

14. FUTURE AGENDA ITEMS

- Report from the Executive Director regarding meeting with ADEQ Director
- NCEES resolution regarding geological & geotechnical engineering

15. ADJOURNMENT - Mr. Roos called adjournment at 12:20 p.m.

**Whereas** the Arizona Board of Technical Registration oversees the administration, licensing, examination and enforcement for the following professions and occupations: Architects, Assayers, Engineers, Geologists, Landscape Architects, Surveyors and Home Inspectors; and

(Drug Lab Remediators)

**Whereas** in 1991, Janet Napolitano, an attorney with a prominent law firm in the State of Arizona, was appointed to the Arizona Board of Technical Registration as the Public Member of the Board; and

**Whereas** Janet Napolitano demonstrated keen understanding of the importance of the Board's responsibilities in protecting the health, safety, and welfare of the public that relies upon the competence and ethical performance of these licensed professionals; and

**Whereas** Janet Napolitano was an active and enthusiastic member of the Board and was involved in major decisions of the Board such as electronic sealing of plans, introducing new registration disciplines such as environmental engineering, and judiciously addressing disciplinary matters against registrants warranting such actions; and

**Whereas** subsequent to her involvement on the Board, she continues to distinguish herself in Arizona and nationally by demonstrating leadership, service to the Country and to the State of Arizona, while responding to the needs of our society; and

**Whereas** the Technical Board of Registration wishes to acknowledge the outstanding contributions that Janet Napolitano has made;

**Now, therefore**, I, Rob Roos, Chairman, on behalf of the Arizona Board of Technical Registration, do hereby proclaim that Janet Napolitano is entitled to all rights and privileges bestowed upon her as an Honorary Professional Registrant, and as such, we celebrate her and her significant contributions and services to the State of Arizona.

2. Approval to sit for the professional or in-training examination.
3. Recommendation for denial of the professional or in-training examination.
4. Recommendation for denial of professional registration or in-training Designation

Mr. Lane moved to accept the committee and staff recommendations listed in items 9.1 through 9.4. Mr. Nelson seconded. Motion carried.

10. NCEES RESOLUTION REGARDING GEOLOGICAL & GEOTECHNICAL ENGINEERING – Mr. Starling moved to represent the Board at the June 2006 National Council of Examiners for Engineers and Surveyors (NCEES) Western Zone Meeting to endorse the Mississippi Resolution, and submit it for consideration. Mr. Pearson seconded. Motion Carried.

11. POSSIBLE DATE CHANGE FOR JUNE 20, 2006 BOARD MEETING – The Board decided to meet on June 20, 2006 as planned.

12. BOARD APPROVAL OF PROFESSIONAL CERTIFICATE CHANGES – The Board approved a new version of the professional certificates provided to registrants upon granting of registration.

13. REGISTRANTS THAT HAVE FAILED TO PROVIDE SOCIAL SECURITY NUMBERS AS REQUIRED BY ARIZONA REVISED STATUTE SECTION 25-320 (N)

Ms. Kathleen McLaughlin, Architect, #10596, addressed the Board stating that she felt that the law requiring professional registrants to provide their social security number did not pertain to her. Ms. Lyndes moved to refer this matter to a formal hearing to initiate revocation, separately, of each of the registration numbers as listed as Attachment A to the meeting minutes. Mr. Pawelko seconded. After discussion, Motion carried.

14. HONORARY REGISTRATION FOR GOVERNOR NAPOLITANO PROCLAMATION – Ms. Cornelio moved to issue an honorary registration for Governor Napolitano. Mr. Lane seconded. Motion Carried.

15. DIRECTOR'S REPORT -

Rule Package Status Report:

R4-30-301(21) regarding Contingency fees has been approved by GRRC, has been filed with the Secretary of States office, and will be effective on July 26, 2006.

R4-30-221(2) regarding recognition of Architectural Engineers has been approved by GRRC, has been filed with the Secretary of States office, and will be effective on July 26, 2006.

On-line Renewal of Individual Registrations:

Staff is still working with the Government Information Technology Agency and IBM to develop the ability to accept renewal of individual registrations over the internet utilizing credit cards. It was anticipated that this program will become operational by the end of April. The technology is already in use by the Department of Motor Vehicles, the Real Estate Department and the Pharmacy Board. The Board of Technical Registration is the next agency to attempt to convert their system to allow this feature.

The test electronic renewal page was reviewed by the development team on a number of occasions during March, April, and May. A number of programming issues have delayed the start date of the program however, it appears that a June or July start date might be feasible.

Arizona Ranger Assistance:

A tentative arrangement with the Arizona Rangers will allow us to utilize them as volunteer investigators for the monitoring of "dirty" seized drug lab sites. Legal counsel has checked to see if there are any legal issues that would prevent us from using them, and it appears there is not a problem.

The Rangers are a statewide volunteer law enforcement assistance group and a 501(C)(3) corporation with a \$1 million dollar liability insurance policy which covers their members while performing their duties. Additionally, A.R.S. § 32-110 provides liability protection for agents of the Board with respect to acts done and actions taken in good faith within the scope of their authority.

This program will provide us with the resources to monitor seized lab sites for unlawful cleanups and assist in the enforcement of the prohibitions against occupation prior to lawful remediation. Both of these appear to be significant problems at this time.

Members of the Rangers have been trained to perform site investigations (compliance monitoring). They have assisted with monitoring approximately 30 sites as of May 16, 2006.

Additional Personnel for the Meth Lab Program:

The Governor's Office is attempting to find a sponsor for a bill to provide the Board with two additional investigators to strengthen our meth lab program.

No sponsor has been found yet, and it appears that nothing will be done during this legislative session. The Director will be asking for additional personnel and additional sources for funding in the next budget if nothing to assist the Board happens prior to September 2006.

**Meeting to Discuss Meth Lab Problems:**

A meeting to discuss the meth lab program with representatives from the Governor's Office, the Attorney General's Office, and law enforcement agencies is scheduled for Tuesday, May 30, 2006, at the Board office. The agenda will be to discuss issues relating the meth lab clean-up laws, enforcement, and clarify responsibilities.

**Personnel Returns:**

In April, two employees, Anthony Crawford and Tanya Salinas, resigned to take positions with other agencies. They have requested reinstatement, which has been granted.

16. FUTURE BOARD MEETINGS – Tuesday, June 20, 2006 at 9:30 a.m.

17. FUTURE AGENDA ITEMS

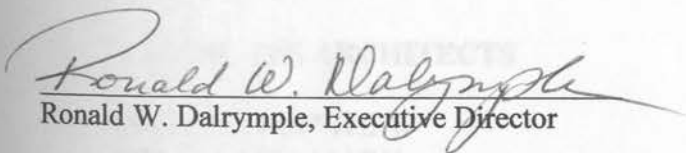

- Sealing of as-built documents
- Legality or appropriateness of limitations on liability verses the legislation and rules of providing insurance
- A.A.C. R4-30-304
- Recommendation related to enforcement action guidelines

18. ADJOURNMENT – Mr. Roos called adjournment at 11:15 a.m.

## ARTICLE 1. GENERAL PROVISIONS

### R4-30-101. Definitions

The following definitions apply in this Chapter unless the context otherwise requires:

1. "Act" means the Technical Registration Act, A.R.S. Title 32, Chapter 1.
2. "Active engagement" means actually practicing or providing architectural, assaying, engineering, geological, landscape architectural, or land surveying services.
3. "Bona fide employee" means:
  - a. Any person employed by a town, city, county, state, or federal agency working under the direction or supervision of a registrant;
  - b. Any person employed by a business entity and working under the direct supervision of a registrant who is also employed by the same business entity; or
  - c. Any person working under the direct supervision of a registrant who:
    - i. Receives direct wages from the registrant;
    - ii. Receives contract compensation from the registrant; or
    - iii. Receives direct wages from the project prime professional who has a contract with another registrant and whose work product is the responsibility of the later registrant.
4. "Branch" means a specialty area within the category of engineering.
5. "Category" means the professions of architecture, assaying, geology, engineering, landscape architecture, and land surveying.
6. "De minimis violations" means violations of Board statutes or rules that do not present a threat to public welfare, health or safety.
7. "Design Team" means professional registrants or any other persons collaborating on a specific project developing professional documents.
- ~~7.8.~~ "Detached single family dwelling" as used in the Act means a single family dwelling unit such as a house which is structurally and physically separate from all other family dwelling units. This does not mean any single family dwelling unit which is part of a multiple dwelling

unit building such as a duplex, townhouse apartment building, condominium or cooperative. The term "detached single family dwelling" also includes all subsidiary buildings, structures and improvements such as a garage, storage areas, swimming pool, and landscaping.

~~8.9.~~ "Direct supervision" means a registrant's critical examination and evaluation of a bona fide employee's work product, during and after the preparation, for purposes of compliance with applicable laws, codes, ordinances, and regulations pertaining to professional practice.

~~9.10.~~ "Experience" is classified as follows:

- a. "Subprofessional experience" means task work done under direct supervision and not falling within the ~~(definition)~~ definition of professional experience, including but not limited to times spent as a rodman, chainman, recorder, instrument technician, survey aide, technician, clerk of the works or similar work.
- b. "Professional experience" means work calling for substantial technical knowledge, skill and responsibility as well as a lesser degree of supervision.
- c. "Responsible charge experience" means work in the field or in the office, where the applicant had responsibility for the direction of the work and its successful accomplishment and where the applicant had to make professional decisions without relying on advice or instructions from or first referring the decisions for approval to a superior.
- d. "Design experience" means professional experience, including work defined under "responsible charge experience," where the applicant must fulfill the requirements of local circumstances and conditions and yet not violate any of the requirements of the profession and ensure that the executed plan meets the purpose for which it was designed.

~~10.11.~~ "Federal agency" means the United States or any agency or instrumentality, corporate or otherwise, of the United States.

~~11.12.~~ "Good moral character and repute" means that the registration or certification applicant:

- a. Has not been convicted of a class 1 felony as defined in A.R.S. 13-601(A).
- b. Has not been convicted of a felony or misdemeanor if the offense has a reasonable relationship to the functions of the employment or category for which the registration,

- b. certification, or designation is sought;
- c. Has not, within five years of applications for registration or certification, committed any act involving dishonesty, fraud, misrepresentation, breach of fiduciary duty, gross negligence, or incompetence reasonably related to the candidate's proposed area of practice;
- d. Is not currently incarcerated in a penal institution;
- e. Has not engaged in fraud or misrepresentation in connection with the application for registration, certification, or related examination;
- f. Has not had a registration or certification revoked or suspended for cause by this state or by any other jurisdiction or by any other jurisdiction, or surrendered a professional license in lieu of disciplinary action;
- g. Has not practiced without the required technical registration or certification in this state or any other jurisdiction within the two years immediately preceding the filing of the application for registration or certification; and
- h. Has not, within five years of application for registration or certification, committed an act that would constitute unprofessional conduct, as set forth in R4-30-301 or R4-30-301.01.

~~12.13.~~ "Gross negligence" means a substantial deviation in professional practice from the standard of professional care exercised by members of the registrant's profession, or a substantial deviation from any technical standards issued by a nationally recognized professional organization comprised of members of the registrant's profession, or a substantial deviation from requirements contained in state, municipal, and county laws, ordinances and regulations pertaining to the registrant's professional practice.

~~13.14.~~ "Incompetence" means to lack the professional qualifications, experience or education to undertake a professional engagement or assignment.

~~14.15.~~ "Insufficient evidence to support disciplinary action" means:

- a. The Board determines there was no evidence to warrant disciplinary action, but believes that continuation of the actions leading to the investigation may result in future Board action against the registrant; or

- b. The Board determines that there were de minimis violations of Board statutes or rules, but no disciplinary action should be taken against the certification or registration and that a letter of concern would be as effective a resolution as a letter of reprimand in deterring future violations of a like nature.

~~15-~~16. "Other misconduct" means the registrant"

- a. Has been convicted of a class 1 felony;
- b. Has been convicted of a felony or misdemeanor, if the offense has a reasonable relationship to the functions of the registration;
- c. Is presently incarcerated in a penal institution;
- d. Has had a professional license or registration suspended or revoked for cause by this state or by any other jurisdiction or has surrendered a professional license in lieu of disciplinary action;
- e. Has knowingly acted in violation or knowingly failed to act in compliance with any provisions of the Act, or rules of the Board or any state, municipal, or county law, code, ordinance, or regulation pertaining to the practice of the registrant's profession; or
- f. Has refused to respond fully to a Board inquiry relating to an applicant's qualifying experience, or provided the Board with false information relating to an applicant's qualifying experience.

~~16-~~17. "Practicing" means offering or performing professional services regulated by the Act within the state of Arizona.

~~17-~~18. "Prepared" means to exercise direct supervision over the preparation of professional documents.

~~18-~~19. "Professional documents" mean the professional work product of a registrant requiring professional judgement (judgment), design, analysis, or conclusions, including original plans, drawings, maps, plats, reports, written opinions, specifications, and calculations.

~~19-~~20. "Project Prime Professional" means the registrant responsible for the coordination, continuity, and compatibility of each collaborating registrant's work (when retained by the project prime professional).

~~20-~~21. "Public Works" project means a work or undertaking which is financed, in whole or in part, by

federal agency or by a state public body, as defined in this Article.

21-22. "Registrant means a person or firm who has been granted registration or certification to practice any profession regulated pursuant to the Act.

22-23. "Retired from active practice" means that the registrant no longer performs professional services.

23-24. "State public body" means the state or a county, city, town, municipal corporation, authority, or any other subdivision, agency or instrumentality of such an entity, corporate or otherwise.

24-25. "Structure" as used in the Act means any constructed or designed improvement or improvements to real property including all onsite improvements, fixed equipment and landscaping, pursuant to an engagement or project.

### ARTICLE 3. REGULATORY PROVISIONS

#### R4-30-304. Use of Seals

- A. A permanently legible imprint of the registrant's seal and signature shall appear on the following:
1. Each sheet of drawings or maps;
  2. Each of the master sheets when reproduced into a single set of finished drawings or maps;
  3. Either the cover, title, index page, table of contents page, or first sheet of each set of project specifications;
  4. Either the cover, index page, or first sheet of each addenda or change orders to specifications;
  5. Either the cover, index page, or first sheet of bound details when prepared to supplement project drawings or maps;
  6. Either the cover, title, ~~index~~ index page, table of contents page, or first sheet of reports, specifications, and other professional documents prepared by a registrant or the registrant's bona fide employee; and
  7. The signature lines of letters and other professional documents prepared by a registrant, or the registrant's bona fide employee; and
- ~~7.8.~~ Shop drawings requiring professional services or work as described in the Act. Examples of shop drawings ~~not~~ NOT requiring seals are those showing only:
- a. Sizing and dimensioning information for fabrication purposes;
  - b. Construction techniques or sequences;
  - c. Components with previous approvals or designed by the registrant of record; or
  - d. Modifications to existing installations not affecting the original design parameters and which do not require additional computations.
- B. A label describing the name of the project and an original imprint of the registrant's seal and signature shall be applied to all video cassettes containing copies of professional documents.

- ~~C. Mr. Starling seconded. After discussion, Motion Carried.
    3. M05-136 Holten A. Bjoin, R.L.S. #37400 – Mr. Lane moved to issue a Letter of Concern regarding Respondent's failure to adhere to the Land Surveying Minimum Boundary Standards which required Respondent to record the survey and a "corner record" in a timely manner after he set a quarter corner monument for the "Record of Survey, Monument Replacement Due to Construction Activities" Land Survey, a portion of Sec. 33. Mr. Pawelko seconded. After discussion, Motion Carried.

B. Proposed Consent Agreements for Review and Consideration

1. M06-245 William B. Showers, R.L.S. #21085 – Mr. Pawelko moved to accept the Respondent's signed Consent Agreement. After discussion, the Board came to the consensus that the firm should be disciplined and not the Respondent, as discussed during the June 2006 Board meeting. Ms. Garcia seconded. Motion Failed. (Mr. Lane and Mr. Pearson voted Nay) Mr. Starling moved to reject the Respondent's signed consent and directed staff to draft a consent order for M & S Development regarding the firm card violation. Ms. Lyndes seconded. Motion Carried. (Mr. Pearson voted Nay)
2. M05-041 John Saban, R.L.S. #16191 - Mr. Lane moved to accept the Respondent's signed Consent Agreement encompassing the following Order: Letter of Reprimand; Probation of Land Surveyor's Registration until Respondent amends his Record of Surveys Nos. 440, 441, 543, 544, 1006, 1240, and 1407; Cost of Investigation: Pay cost of investigation in the amount of \$285.00 Mr. Starling seconded. Motion Carried.
3. M05-130 Edgar J. Reynolds, Jr., R.L.S. #31031 - Mr. Lane moved to accept the Respondent's signed Consent Agreement encompassing the following Order: Letter of Reprimand; Cost of Investigation: Pay cost of investigation in the amount of \$200.00. Ms. Garcia seconded. Motion Carried.

4a. M02-032 / MIR01-134 Charles E. Martin, P.E. (Civil) #05968 & R.L.S. #16162

4b. M05-417 / MIR03-258 Charles E. Martin, P.E. (Civil) #05968 & R.L.S. #16162

4c. M05-332 / MIR03-244 Charles E. Martin, R.L.S. #16162 & P.E. (Civil) #05968

4d. M04-054 / MIR02-012 Charles E. Martin, R.L.S. #16162 & P.E. (Civil) #05968

Mr. Lane recused himself due to personal knowledge and bias in this case. The Board considered all four (4) cases regarding Mr. Martin due to the amount of cases. Ms. Garcia moved to reject the Respondent's signed Consent Agreement and recommended staff retains the same requirements of the current Consent Agreement but add: Peer review of all projects until Respondent passes both the professional engineering and the registered land surveying exams. The Board instructed Staff to provide peer reviewers until Respondent provides his own Board approved reviewers. If the Respondent chooses not to comply, the Board realizes the case may go to an Administrative Hearing. Ms. Bowen seconded. Motion Carried.

C. Proposed Enforcement Advisory Committee Candidates

1. Wallace R. Haws, P.E. (Civil) #11582 and R.L.S. #16140 – Ms. Lyndes moved to approve Mr. Haws to the Enforcement Advisory Committee. Ms. Garcia seconded. Motion Carried.

6. EVALUATION OF APPLICATIONS FOR EXAMINATION AND/OR POSSIBLE GRANTING OF REGISTRATION OR CERTIFICATION – HOME INSPECTORS

A. Applicants for Certified Home Inspector

1. Camacho, Vicente # 060577 – Mr. Pawelko moved to grant registration upon payment of applicable fees within 30 days, which if not paid will result in denial of certification. Mr. Starling seconded. Motion Carried (Ms. Lyndes unavailable for vote)

2. Foster, Mickey # 060692 – Ms. Garcia moved to grant registration upon payment of applicable fees within 30 days, which if not paid will result in denial of certification. Mr. Pawelko seconded. Motion Carried. (Ms. Lyndes unavailable for vote)
  3. Graffius, Robert # 060622 – Mr. Lane moved to grant registration upon payment of applicable fees within 30 days, which if not paid will result in denial of certification. Ms. Garcia seconded. Motion Carried. (Mr. Pearson unavailable for vote)
7. **EVALUATION OF APPLICATIONS FOR EXAMINATION AND/OR POSSIBLE GRANTING OF REGISTRATION OR CERTIFICATION - LICENSING**
- A. Examination
1. Sue Weiss – LSIT #060221 – Ms. Garcia moved to grant Ms. Weiss to sit for all exams in the required order as she successfully passes them. Mr. Starling seconded. Motion Carried.
  2. Patrick McKenna – Mechanical #060066 – Mr. Pearson moved to approve Mr. McKenna to sit for the exam. Ms. Garcia seconded. Motion Carried.
- B. Registration
1. Flora Chen – Fire Protection #060180 – Ms. Garcia moved to approve Ms. Chen to sit for the exam. Mr. Starling seconded. Motion Carried.

8. **Review, Consideration & Possible Vote on the following:**

**EVALUATION COMMITTEE AND STAFF RECOMMENDATIONS AND POSSIBLE GRANTING OF REGISTRATION OR CERTIFICATION (LIST AVAILABLE AT BOARD OFFICE)**

1. Granting of professional or in-training registration.
2. Approval to sit for the professional or in-training examination.
3. Recommendation for denial of the professional or in-training examination.
4. Recommendation for denial of professional registration or in-training Designation

Mr. Lane moved to accept the committee and staff recommendations listed in items 8.1 through 8.4. Mr. Pearson seconded. Motion carried.

9. **Review, Consideration & Possible Vote on the following:**

**ENFORCEMENT ACTION GUIDELINES**

Ms. Garcia moved to accept a modified version of the Enforcement Action Guidelines as a draft version for distribution to Enforcement Advisory Committee members to assist with grading the severity of violations of the Board's statutes and rules. Staff will finalize the document and provide a copy to the Board at the August 2006 Board meeting. Mr. Starling seconded. Motion Carried.

10. **Review, Consideration & Possible Vote on the following:**

**LEGALITY OF CONTRACTURAL LIMITATIONS – HOME INSPECTORS**

The consensus of the Board is that financial liability cannot be set and that the Board has no ability to regulate liability. This does not impede the Board's ability to discipline Home Inspectors. The Board has the right to review and investigate Home Inspection documents if it is probable that a violation has occurred. The Board discussed introducing a rule to require Home Inspectors to provide homeowners with a Client Bill of Rights. Discussion ended. No Action Taken.

11. **DIRECTOR'S REPORT**

**Rule Package Status Report:**

A.A.C. R4-30-221(2). Architectural Engineer.  
Approved by GRRC at the May Council Meeting. The effective date is July 26, 2006.

**Online Renewal of Individual Registrations:**

The test electronic renewal page was reviewed by the development team on a number of occasions during March, April and May 2006. A number of programming issues delayed the start date of the program however the program became operational on July 11, 2006.

**Arizona Ranger Assistance:**

members have been trained by the director to perform site investigations (compliance monitoring). They have assisted in the monitoring of approximately 40 sites as of July 16, 2006.

The Phoenix and Tucson companies have been trained and are being supplied with updated lists of sites in their area each month. The Scottsdale company will be trained on July 20, 2006 and being their investigations soon after training is completed.

**Meeting to Discuss Methamphetamine Lab Problems:**

A meeting of agencies associated with the methamphetamine lab program was held on May 30, 2006 at the Board office. Representatives from the Governor's Office, Attorney General's Office and law enforcement attended the meeting. Issues relating to the methamphetamine lab cleanup laws and their enforcement were discussed. The consensus is that there are definitive problems with the current laws and a need for a task force to look at the laws before the next legislative session and make suggestions for changes to the statutes.

**IBM/GITA Phase 2 Database Conversion Project (Common Business Licensing System):**

IBM and GITA are ready to start on phase 2 of the Board's computer system upgrade. This phase is supposed to migrate the Board's registration data off the AS400 onto a newer platform and provide an upgraded database for the Board that will allow a better use of stored information. The system being developed is supposed to be the base system for other board's that need to update their systems in the future.

NCARB Conference:

The director discussed an NCARB resolution to give voting rights to Member Board Executives in lieu of a designated board member. He feels that the initiative will fail, however individual boards are being asked to support the addition of an Executive Director to the National Board.

From: Legislative & Rules Committee

Re: Storm Water Pollution Prevention Plans

---

The Legislative & Rules Committee met on May 16, 2006 and discussed Item 8 on the agenda, Storm Water Pollution Prevention Plans (SWPPP). Our position is as follows:

1. SWPPP are intended to be general guidelines that direct the contractor in construction regarding erosion control and prevention of sediment transport. Typical documents include treatments such as slope treatments, bank protection, swale treatments, check dams, and silt fence. These plans are also meant to be basic guidelines that can be, and are, modified in the field by the contractor or owner in conformance with the general guidelines.
2. If a registrant prepared the SWPPP, the registrant should seal the plans because the document is considered a professional work product.
3. An owner-operator, who is a non-registrant, can also prepare these documents, according to the general requirements of the SWPPP.

**On-line renewal of individual registrations**

The program became operational on July 11, 2006. On-line renewals since then total 281. Non-online renewals for the same period numbered 1,230. Approximately 18.5 % of those renewing took advantage of the program.

**Arizona Ranger Assistance**

Members have been trained by me to do site investigations (compliance monitoring). They have assisted in the monitoring of approximately 40 sites as of this date. Every Ranger Company with illegal drug lab sites within their area of influence has agreed to monitor the sites in their area. At this time 5 sites out of 40 inspected sites have been found to be in compliance with the law (87.5%).

**Meeting to Discuss Meth Lab problems**

A meeting of agencies associated with the meth lab program was held on May 30<sup>th</sup>. at the Board office. Representatives from the Governor's Office; the Attorney General's Office and law enforcement attended the meeting. The attendees discussed the issues relating to the meth lab cleanup laws and their enforcement. It was agreed that there were problems with the current laws and that there was a need for a task force to look at the laws before the next legislative session and make suggestions on changes to the statutes.

As soon as all existing "dirty" sites have been investigated, I will forward a report to the Governor and the Attorney General.

AGENDA

IBM/GITA Phase 2 database conversion project (Common Business Licensing System).

IBM and GITA are ready to start on phase 2 of the board's computer system upgrade. This phase is supposed to migrate the board's registration data off the AS400 on to a newer platform and provide a better database program for the board that will allow a better use of stored information. The system being developed is supposed to be the base system for those other boards that need to update their systems in the future. Staff is working with IBM to design the program content.

Community Emergency Response Team (CERT) training  
Myself, LaVern, Lisa, Manny and Anthony started a 24 hour Capitol Mall CERT training course. We have 7 other staff members that will be enrolled in later classes. The state is trying to train 900 mall employees before the federal grant period expires

The Board may discuss, consider or take action on any item on the agenda. At the discretion of the Board, agenda items may be taken out of order.

All examination material, transcripts, educational records, entrance forms and applications are confidential pursuant to A.R.S. § 33-123.

The Board may wish to go into executive session intermittently during the meeting on any of the following agenda items to review potentially confidential materials or receive legal advice (see closed pursuant to A.R.S. § 38-431(B)(A)(2) or (3)).

**10. STORM WATER PREVENTION PLANS**

After discussion, Mr. Roos appointed a committee consisting of: Ms. Lyndes, Mr. Pearson and Ms. Bowen. The committee will create an article for publication in the upcoming quarterly newsletter with regards to creating, signing and sealing of storm water prevention plans, and bring the matter before the Board at the September 2006 Board meeting.

**11. DIRECTOR'S REPORT**

**Rule Package Status Report:**

R4-30-301(21). Contingency fees went into effect on July 26, 2006.

R4-30-221(2). Architectural Engineer went into effect July 26, 2006.

R4-30-101. Design team.

Currently undergoing GRRC courtesy review.

R4-30-304 Electronic sealing.

Currently undergoing GRRC courtesy review.

**On-line renewal of individual registrations:**

The program became operational on July 11, 2006. On-line renewals since then total 281. Non-online renewals for the same period numbered 1,230. Approximately 18.5 % of those renewing took advantage of the program.

**Arizona Ranger Assistance:**

Members have been trained to do site investigations (compliance monitoring). They have assisted in the monitoring of approximately 40 sites as of this date. Every Ranger Company with illegal drug lab sites within their area of influence has agreed to monitor the sites in their area. At this time 5 sites out of 40 inspected sites have been found to be in compliance with the law (87.5%).

Meeting to Discuss Meth Lab problems:

A meeting of agencies associated with the meth lab program was held on May 30, 2006 at the Board office. Representatives from the Governor's Office, the Attorney General's Office and law enforcement attended the meeting. The attendees discussed the issues relating to the meth lab cleanup laws and their enforcement. It was agreed that there were problems with the current laws and that there was a need for a task force to look at the laws before the next legislative session and make suggestions on changes to the statutes.

As soon as all existing "dirty" sites have been investigated, a report will be forwarded to the Governor and the Attorney General.

IBM/GITA Phase 2 database conversion project (Common Business Licensing System):

IBM and GITA are ready to start on phase 2 of the Board's computer system upgrade. This phase is supposed to migrate the Board's registration data off the AS400 on to a newer platform and provide a better database program for the Board that will allow a better use of stored information. The system being developed is supposed to be the base system for other boards that need to update their systems in the future. Staff is working with IBM to design the program content.

Community Emergency Response Team (CERT) training:

Ron Dalrymple, LaVern Douglas, Lisa Lawhorn, Manuel Maltos and Anthony Crawford started a 24 hour Capitol Mall CERT training course. The remaining staff members will be enrolled in later classes. The state is trying to train 900 mall employees before the federal grant period expires

The Board Chair nominated the following as new Board Officers:

Mr. Stuart Lane: Chairman

Mr. Richard Pawelko: Vice-Chairman

Ms. Joy Lyndes: Secretary

After discussion and acclimation, officers approved.

12. **DIRECTOR'S REPORT –**

**Rule Package Status Report:**

R4-30-101. Design team, and R4-30-304 Electronic sealing.

Currently undergoing GRRC courtesy review.

**Arizona Ranger Assistance:**

Members of the Arizona Rangers have been trained to do site investigations (compliance monitoring). To date, they have assisted with monitoring approximately 60 sites. Ranger Company's with illegal drug lab sites within their area of influence have agreed to monitor these sites. Of the 60 recently inspected sites, only 3 three have been found to be in compliance with the law (95% non-compliance).

**Meeting to Discuss Meth Lab Problems:**

On May 30, 2006, a meeting with representatives from the Governor's Office, the Attorney General's Office and law enforcement regarding meth lab issue. It was agreed that there are problems with the current laws, a need for a task force to look at the laws and make suggestions for changes to the statutes before the next legislative session. As soon as all existing "dirty" sites have been investigated the Executive Director will forward a report to the Governor and the Attorney General's Office.

**IBM/GITA Phase 2 Database Conversion Project (Common Business Licensing System:**

IBM and GITA are ready to start on phase 2 of the Board's computer system upgrade. The system being developed is supposed to be the base system for those other Boards that need to update their systems in the future. Staff is working with IBM to design the program content.

**Community Emergency Response Team (CERT) Training:**

Several staff members have completed the Capitol Mall CERT course and are eligible for level 3 certification. Seven other staff members are currently enrolled in CERT classes. The state is trying to train 900 mall employees before the federal grant period expires.

**Budget:**

Four additional positions have been requested in the 2008 – 2009 budget request to strengthen the home inspector and drug lab programs.

**VA Training Program:**

Henry (Hank) Diaz is required, as a part of his VA disability program, to participate in an employment transition program that includes a job placement segment. Hank requested an

opportunity to continue working with the Board as he begins this program.

13. BOARD CHAIR'S REPORT - None

14. STANDING COMMITTEE REPORTS

1. Legislation and Rules Committee – No report
2. Budget Committee – No report
3. Home Inspector Rules and Standards Committee – No report
4. Environmental Remediation Rules and Standards Committee – No report

15. BOARD MEMBER REPORTS ON OUTSIDE ACTIVITIES

1. National Council of Examiners for Engineering and Surveying (NCEES) – Messer's Lane, Starling and Dalrymple reported on the September 2006 conference in Anchorage, Alaska. Mr. Lane reported that the suggested elimination of the word "land" from surveying was defeated during the Land Surveyor's session of the conference. Mr. Starling reported that the discussion during the Engineering portion of the conference focused on three major issues: cheating on or the stealing of examination questions, the type of calculators that will be allowed for the testing process, and the amount of higher-level education required to become a professional registrant. These are ongoing issues which the Council is seeking expeditious and permanent resolutions. Mr. Dalrymple reported that the Member Board Executive's meeting also focused on exam security measures and collusion analysis and reiterated the council's desire to resolve these issues.
2. National Council of Architectural Registration Boards (NCARB) – No report
3. Council of Landscape Architectural Registration Boards (CLARB) – Ms. Lyndes reported the unexpected exit of the director of CLARB. The main topic of discussion at the September 2006 meeting held in San Antonio, Texas, were exam modifications and the adding of more design computerization to the examination process.
4. National Association of State Boards of Geology (ASBOG) – No report
5. Geological Engineer Examination – No report

16. FUTURE BOARD MEETINGS - Tuesday, October 17, 2006 at 9:30 a.m.

17. FUTURE AGENDA ITEMS

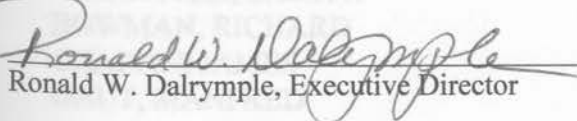

- Evaluation of guidelines regarding penalties
- Discussion regarding what constitutes a de minimus violation and the Board's actions regarding firm and registrant registrations
- Suggestion to have Legislative & Rules Committee discuss raising late fees and penalties for delinquent registrants and firms

18. ADJOURNMENT – Ms. Lyndes moved to adjourn. The meeting adjourned at 12:10 pm.

**Arizona Ranger Assistance**

Members have been trained by staff to do site investigations (compliance monitoring). They have assisted in the monitoring of approximately 75 sites as of this date. Every Ranger Company with illegal drug lab sites within their area of influence has agreed to monitor the sites in their area. At this time 3 sites out of 75 inspected sites have been found to be in compliance with the law (95% non-compliance).

**Meeting to Discuss Meth Lab problems**

A meeting of agencies associated with the meth lab program was held on May 30<sup>th</sup>. at the Board office. Representatives from the Governor's Office; the Attorney General's Office and law enforcement attended the meeting. The attendees discussed the issues relating to the meth lab cleanup laws and their enforcement. It was agreed that there were problems with the current laws and that there was a need for a task force to look at the laws before the next legislative session and make suggestions on changes to the statutes.

We have met with the Pima County Narcotics Alliance to try and develop a protocol for handling contaminated site issues.

On 10-16-06, I requested a meeting of the Drug Endangered Children task force to discuss the problems with the current statutes.

**IBM/GITA Phase 2 database conversion project (Common Business Licensing System).**

IBM and GITA have started on phase 2 of the board's computer system upgrade. This phase is supposed to migrate the board's registration data off the AS400 on to a newer platform and provide a better database program for the board that will allow a better use of stored information. The system being developed is supposed to be the base system for those other boards that need to update their systems in the future. Staff is working with IBM to design the program content.

Community Emergency Response Team (CERT) training  
Nineteen Board staff members completed the Community Emergency Response training.

#### Budget

Four additional positions have been requested in the 08-09 budget request to strengthen the home inspector and drug lab programs.

#### VA Training Program

Henry (Hank) Diaz is required as a part of his VA disability program to participate in a employment transition program that includes a job placement segment. The VA will pay him to work 30 hours per week and will additionally make payment to his temporary employer for participating in the program. Hank requested an opportunity to continue working with the Board as he begins this program. The VA has determined that we are eligible for participation and LaVern is working with state personnel to allow the placement. We are currently educating the CAMP state personnel staff about the program since they have not been active in this program before.

Hank has a degree from Boise State University in computers and is a certified network engineer. He is a member of the Phoenix Company of the Arizona Rangers and has assisted us as a volunteer in the drug lab program doing field investigations and also helping us set up the public database for drug lab seizures.

**Meeting to Discuss Meth Lab Problems:**

Board staff will be meeting with ADEQ representatives on November 22, 2007 to discuss issues associated with landfills and meth seizures. Another meeting of agencies associated with the meth lab program will be held Monday, November 27, 2007, in Pima County. Representatives from law enforcement and other organizations with a vested interest will be at the meeting.

**IBM/GITA Phase 2 Database Conversion Project (Common Business Licensing System):**  
IBM and GITA have started on Phase 2 of the Board's computer system upgrade. This phase is supposed to migrate the Board's registration data off of the AS400 onto a newer platform, and provide better programming that will allow better use of stored information. The system being developed is supposed to be the base system for other boards that need to update their systems in the future. Staff is working with IBM to design the program content.
