OPEN SESSION MINUTES
ARIZONA STATE BOARD OF TECHNICAL REGISTRATION
MARCH 1, 1985

I. CALL TO ORDER

The regular quarter-annual meeting of the State Board of Technical Registration, held in Room 353 of the Student Union, University of Arizona, Tucson, Arizona, was called to order by Chairman Silas C. Brown at 9:00 a.m. Ms. Apfel took roll call.

PRESENT: Silas C. Brown, Chairman
Stewart Palmer, Vice-Chairman
Paul W. Cella, Secretary
Ronald J. Mlnarik, Member
Jimmie R. Nunn, Member
Charles E. O'Bannon, Member
John B. Riggs, Member

Ronald W. Dalrymple, Executive Director

Gary Sheets, Asst. Attorney General
LaVern Douglas, Licensing Manager
Y. Hank Motomatsu, Investigation Coordinator
Diane Apfel, Administrative Secretary

Those present constituted a quorum.

II. It was moved by Mr. Palmer and seconded by Mr. Riggs that the minutes of the December 14, 1984 meeting be adopted. MOTION CARRIED.

III. Evaluation Committees, Reports, Adoption of Reports and Granting of Registration

It was moved by Mr. Riggs and seconded by Mr. Palmer that applicants Number 1 through 68, excluding #3 Eubank, #12 Potsanos, #33 Joost, #46 Bilal, #51 D. Jones, #52 J. Smith, #55 Bilal, and #66 Loose be granted registration numbers beginning with number 18225 and ending with 18286. MOTION CARRIED.

A. Appeal from Mr. Ron Leahman - request for regrading of examination. It was moved by Mr. Nunn and seconded by Mr. Riggs that the results of the regrading of examination by Educational Testing Service be accepted. MOTION CARRIED.

IV. There is no public comment at this time.

V. Other Business

VI. A. Policy on Allowing Review Manuals and Calculators During Testing

Members addressed the problem of allowing review manuals to be used during testing, particularly the request by Mr. Michael Lindberg that his manual be permitted during testing. In general, members were opposed, but it was pointed out that other states routinely allow such use. The point was made that the ruling against review manuals is basically unenforceable, as the exam is "open book." A motion was made by Mr. Cella and seconded by Mr. O'Bannon to allow the use of calculators and examination manuals during testing. MOTION CARRIED.

B. Engineer Registration Policy Discussion - Mr. Palmer

Mr. Palmer's discussion centered around the Board's ability to monitor and enforce the rules of professional practice in areas such as nuclear, agricultural and sanitary engineering. Mr. Sheets pointed out that the Board needs only "reasonable cause" to investigate both private and public records. However, the Board does rely to some degree on the complaint process to open investigations. The question remained as to whether the Board is fulfilling its obligation to enforce rules for all professions and disciplines regulated.

The matter was referred to the Rules Committee, comprised of Mr. Penland (Chairman), Mr. O'Bannon, and Mr. Nunn for further study. A report will be presented at the September meeting of the Board.

C. Advisory Committee Application Action - Michael K. Householder

It was moved by Mr. Nunn and seconded by Mr. Riggs that Mr. Householder be accepted to serve on an advisory committee. MOTION CARRIED.

Advisory Committee Application Action - Fred. E. Bloch

It was moved and seconded that Mr. Bloch's application be tabled. MOTION CARRIED with Mr. Nunn abstaining.

D. Aiding and Abetting Discussion - S. Palmer

Mr. Palmer's discussion was postponed, to be included in a later agenda item.

E. 1985-86 Budget Appropriation Discussion

The Executive Director reported that the budget recommendation from EBO and JLBC was \$470,000 for fiscal year 1985-86. This budget includes a request for an additional Typist for the Enforcement Section rather than an additional Investigator as had originally been requested due to the increase in paperwork generated by increased advisory committee activity. Another Typist position has been requested for the Licensing Section. In addition, \$35,000 has been added to the F/Y 85-86 budget for the

purchase of test validation in response to the Auditor General's report. The budget is expected to be approved without amendment. It was agreed that further discussion on the use of the monies earmarked for validation will take place at the June meeting.

F. SB 1213 Progress Discussion

The Executive Director reported that SB 1213 pertaining to 90/10 agencies is being rewritten at this time, and he is monitoring the progress of the bill.

G. Staffing Change Discussion

The Executive Director explained some of the staffing changes that have taken place recently, and presented a new organizational chart showing how the positions available in July will be utilized.

H. Typist Intern Program - Information Item

Mr. Dalrymple explained the agency's participation in the Typist Intern Program offered by the Phoenix Indian Center.

I. Auditor General's Report Discussion

The final draft of the Auditor General's report has been made public. Minor changes were made as a result of the Board's meeting with the Auditor General's staff. Mr. O'Bannon asked whether there had been any comments from Geologists, Landscape Architects or Assayers regarding the Auditor General's recommendation that the Board discontinue registering their professions. Mr. Brown reported that the AIPG is considering sponsoring a National exam, but the organization does not have strong feelings regarding state registration. Mr. Mlnarik reported that Landscape Architects strongly wish to retain registration.

J. HB 2323 Discussion. (Legislation proposing that all 90/10 agencies be abolished in favor of one "umbrella" agency.)

The Board does not wish to officially take a stand on the legislation.

K. Public Works Projects - Statute and Rule Requirements and Constraints on Use of Seal

Mr. Palmer reported on concerns of several Board Members on the publication of a policy regarding public work and the use of seals. Mr. Sheets pointed out that if the law is to be clarified, this should be done through the Rules process. Mr. O'Bannon suggested that current rules may be clarified and made public through the use of a newsletter, most appropriately by summarizing Attorney General's opinions on specific topics.

Mr. Palmer went on to list a number of questions (list attached) pertaining to the definition of "significant professional input". It was agreed that a newsletter would be an effective and appropriate method of answering such questions for registrants.

In a related matter, the Board asked Mr. Motomatsu to determine who was the registrant in charge of construction at the Mohave County Honor Farm Dormitory.

VII. Future Board Items

- A. Seismic requirements, seismic treatise, seismic seminar discussion.
- B. Educational requirements and continuing educational requirements for licensing.
- C. Separate evaluation forms for each profession.
- D. Proposed CLARB National Exam format changes. (Validation study for CLARB exam.)
- E. Fire Protection - separate discipline.

VIII. Future Board Meetings

It was decided that the Summer meeting will be held June 7, 1985 in Phoenix. The Fall meeting was scheduled for September 6, 1985 in Flagstaff.

OPEN SESSION MINUTES

ARIZONA BOARD OF TECHNICAL REGISTRATION

June 7, 1985

I. Call to Order

The regular quarter annual meeting of the State Board of Technical Registration, held in Room 130 of the Occupational Licensing Building, 1645 W. Jefferson, Phoenix, AZ, was called to order by Chairman Silas C. Brown at 9:00 a.m. Ms. Apfel took roll call.

PRESENT: Silas Brown, Chairman
Stewart Palmer, Vice-Chairman
Ronald Mlnarik, Member
Jimmie Nunn, Member
Charles O'Bannon, Member
Reid Penland, Member
John Riggs, Member
Ronald Dalrymple, Executive Director
Gary Sheets, Asst. Attorney General
LaVern Douglas, Licensing Manager
Y. H. Motomatsu, Enforcement Coordinator
Diane Apfel, Administrative Secretary

Those present constituted a quorum.

II. Vote to Go To Executive Session

It was moved by Mr. O'Bannon and seconded by Mr. Mlnarik to go to Executive Session.

RETURN TO OPEN SESSION

VII. Other Business

A. Arizona Revised Statutes 33-105 Recording Plats - "Material Discrepancy:"

ARS 33-105.A.1 states a land surveyor will file a record with the County if a material discrepancy exists under the conditions identified. The Board discussed the need for not only a definition of the term "material discrepancy," but the need for definite guidelines on reporting such. Mr. O'Bannon moved that the Executive Director and Mr. Penland appoint a committee to formulate definitions. MOTION CARRIED.

- B. "Full Disclosure" Requirement - Maricopa Association of Governments' Request.

Maricopa Association of Governments asked for a ruling on allegations of conflict of interest on the part of JHK & Associates, who simultaneously were employed by the Maricopa Association of Governments and the proposed Esplanade Project in transportation analysis projects.

The Board felt that in the context of the activity of JHK & Associates and the wording of their proposal to Maricopa Association of governments, JHK has satisfied requirements on disclosure.

- C. Requirement that all aspects of plans be stamped.

It was the position of the Board that all aspects of plans, including electrical and mechanical, be stamped if the building falls within the requirements of the law. The Executive Director should obtain information on building codes from Tucson, Flagstaff and other cities to be reviewed at a future meeting. Also, the Board wishes to have information on site plans, fire protection, and modification by a tenant for Rules Committee study. It was moved by Mr. O'Bannon and seconded by Mr. Riggs to table the matter until more information is received. MOTION CARRIED.

1. Department of Administration Engineering Services Bids.

Mrs. Janice Rizer, Executive Director of the Consulting Engineers Association and the Professional Engineers Association requested that the Board review calls for bid sent out by the Department of Administration. Bids call for "testing services" that the Engineering Associations feel may actually be engineering services. The Board agreed that if there has been a violation, a notice of violation should be sent. The bid in question appears to call for engineering services.

The Board directed the Executive Director and Mr. Sheets to meet with Mr. Wayne Casper of the Department of Administration to try to determine the rationale for the method of distributing calls for bid and to report back to the Board.

- D. National Council of Engineering Examiners Annual Meeting - Hilton Head, SC - Appointment of Delegates.

It was moved by Mr. Nunn and seconded by Mr. Minarik that those engineers and land surveyors on the board who wish to go be authorized to do so. MOTION CARRIED.

- E. National Council of Architectural Registration Boards Annual Meeting - San Antonio, TX - Appointment of delegates.

It was moved by Mr. O'Bannon and seconded by Mr. Mlnarik that the Board send Mr. Nunn, Mr. Riggs and Mr. Dalrymple to the meeting.

- F. Accreditation Board for Engineering Technology - Accreditation Participation

It was moved that the Board send Mr. Penland and Mr. Dalrymple to Northern Arizona University; and Mr. Brown, Mr. Dalrymple and Mr. Mlnarik to Arizona State University. MOTION CARRIED.

- G. Executive Director's Report on NCEE Zone Meeting - Denver

Mr. Dalrymple reported that one of the best things to come from the conference was the decision to hold a workshop to develop a regional land surveying examination with the Arizona Board as host. He reported that all the western zone states have similar problems, and that Colorado had expressed a willingness to assist by sending their psychometrician, Mr. Jack Warner, and by providing their validated test as resource material. The workshop will be held on June 18th. NCEE has expressed an interest in these activities, also.

Mr. Dalrymple invited all Board members to attend the workshop, particularly for the first half day to hear Mr. Warner's presentation on the mechanics of test writing and validation in view of the Auditor General's mandate that the board seek validation of its local examinations.

Mr. Palmer reported on a panel discussion at which an Assistant State Attorney General spoke strongly against regulation of any kind, and there seems to be a feeling throughout the West to do away with registrations.

VI. Public Comment

Mr. Andell, an applicant for registration, addressed the Board on the problem of those applicants who have completed educational requirements for registration, but who have not had the opportunity to work under the direct supervision of a registrant. Mr. O'Bannon pointed out that to change the rule on working under the supervision of a registrant would require a change in the law. Mr. O'Bannon suggested that Mr. Andell apply for the Engineer in Training examination as a positive step toward eventual registration.

H. Engineering Education Evaluation Criteria

Mr. Dalrymple brought up concerns over consistency in evaluation of educational credit. As the rules are written, there are no guidelines for applying educational credit gained at a non-ABET accredited school to professional registration applications, but the rules specifically mention allowing such educational credit for EIT applicants. Mr. O'Bannon suggested 24 months credit for non-ABET degree in the applicant's branch, year-for-year credit for ABET accredited education without a degree, non-ABET should be credited as one year's credit for two year's education, non-engineering degree programs should be credited only at 50%. It was proposed that these guidelines be incorporated in the rules. Mr. Riggs mentioned that the Board also needs to clarify the Architectural evaluations with regard to the two and one-half years credit prior to experience.

J. Executive Director's Report on Regional Land Surveying Examination Workshop

The Executive Director's report was covered in a previous item.

K. Firm Card Requirement

The Executive Director discussed the requirement on corporate reporting and the problems encountered because the law does not make it clear who is responsible for submitting firm cards. Mr. Nunn suggested that each registrant be held responsible for reporting, and the staff could discard duplicate cards. It was also suggested that the requirements on reporting would be an appropriate item for coverage in the newsletter. The card should be revised to make the instructions clearer.

L. Requirement that Government Engineers be Registered Prior to Employment.

Mr. Dalrymple advised the Board that there have been some instances where people are being hired by government agencies with the stipulation that they be registered in Arizona within one year of hire, not that they be registered prior to employment. This puts the individual and the government agency in a position of possibly violating the law for a year. The Board then discussed the time and problems involved in accomplishing registration and ways in which the Board might expedite processing of applications. One suggestion was that the Board do a preliminary review of applications to determine whether the applicant could reasonably be

expected to accomplish registration within the year, then let the hiring agency use the information as they see fit.

M. Application Files to be on Computer as of July 1, 1985.

The Executive Director informed the Board that as of July 1, 1985, the application files would be computerized. This will assist the staff in streamlining processing of applications.

N. Suggested Disciplinary Action

Mr. Dalrymple presented suggestions for guidelines to disciplinary actions as an aid to Advisory Committees in making consistent recommendations. Mr. O'Bannon asked that the guidelines include peer review in sanctions pertaining to gross negligence or incompetence, and that the page referring to "other approved sanctions" be made the first page. It was moved by Mr. O'Bannon and seconded by Mr. Riggs that the guidelines be adopted with the foregoing changes. MOTION CARRIED.

iii. Adoption of Minutes

It was moved by Mr. Palmer and seconded by Mr. O'Bannon that the minutes of the March 5, 1985 meeting be adopted as written. MOTION CARRIED.

IV. Evaluation Committees Reports, Adoption of Reports and Granting of Registrations

It was moved by Mr. Mlnarik that the Evaluation Committee Reports be adopted as follows:

That applicants Architect Armstrong through Land Surveyor Wood be held for the appropriate examinations as shown;

that applicants Rothaka through Sortini be denied registration for the reasons shown;

that applicants Adams through Lamar be granted registration beginning with registration numbers 18439 through 18516;

that applicants Williams through Snow, evaluated June 7, 1985, be granted registration numbers 18517 through 18533;

that applicant for Architect In Training Registration Salletta be granted registration with the number 581;

that applicants for Engineer In Training registration Bergsma through Westbrook be granted registration with appropriate registration numbers 3287 through 3317;

that Assayers Dawson through Swartz shown under Tab C be granted registration beginning with number 18534 through 18535.

Mr. Minarik further moved that applicant Boswell be granted registration number 18536;

that applicant Mr. George Lance be held for Architect Examination parts A, B, C and I; that Ms. Connie Padian be held for Architect Examination parts A, B, C and I; and that Mr. William Rostenberg be held for Architect Examination parts A and I;

that Architects Edens and Noble be granted registration numbers 18537 and 18538; applicant Francis Luis be denied registration for lack of 7 months experience; that applicant Fredrick Mulligan be held for Part II of the Professional Engineer Examination;

that Mechanical Engineer applicant Melvin Straus be held for Part II Engineer Examination;

that applicant Bronska be held for parts A, B, C and I of the Architect Examination, applicant Lance for parts A, B, C and I; and that Landscape Architect Bartholomay be held for parts B and D, Detweiler for parts A, B and D, and Miller for parts A, B C and D. Mr. Nunn seconded the motion. MOTION CARRIED.

A. Appeal by Mr. Donald M. Miller that the Board waive the requirement that he be held for the Fundamentals of Engineering Examination.

It was moved by Mr. O'Bannon and seconded by Mr. Nunn to deny the appeal. MOTION CARRIED.

B. Appeal by Mr. Ronald E. Arros that the Board waive the requirement that he be held for the Fundamentals of Engineering Examination.

It was moved by Mr. O'Bannon and seconded by Mr. Minarik to deny the appeal and to hold Mr. Aros for Parts I and II of the Fundamentals of Engineering Examination. MOTION CARRIED.

C. Appeal by Mr. R.R. Chittenden that the Board grant him "grandfather" registration without requiring examinations.

It was moved by Mr. Nunn and seconded by Mr. O'Bannon that since there were no grounds for granting registration to Mr. Chittendon under the rules, that his appeal be denied. MOTION CARRIED.

Enforcement Matters

A. C 80-088 ASU Stadium

Mr. O'Bannon declared a conflict of interest. The committee found that there was no evidence of negligence on the part of any registrant, and recommended that the case be dismissed. It was moved by Mr. Palmer and seconded that the Board accept the committee's findings and that the case be dismissed. MOTION CARRIED.

B. MA-82-037 BTR vs. Paul Larmour - nonregistrant practicing engineering

The Board felt Mr. Lamour had not claimed to practice engineering in any way, and that there should be no action against him. It was moved by Mr. Palmer and seconded by Mr. Riggs that the case be dismissed. MOTION CARRIED.

C. MA 82-101 BTR vs. Paulo Soleri - nonregistrant advertising and holding himself out to be an architect.

It was moved by Mr. Palmer and seconded by Mr. Penland that the case be closed. MOTION CARRIED.

D. MA 83-010 BTR vs. Joseph Van Lom, Architect #14811. Practicing outside his registration.

It was moved by Mr. Palmer and seconded by Mr. Penland that his license be revoked based upon his offer of resignation and signed consent order. Also, the Board directed the staff to have the consent order reviewed by the Assistant Attorney General.

- E. C 83-101 BTR vs. Charles E. Martin, Civil Engineer #5968 and Land Surveyor #16162 - Gross negligence

It was moved by Mr. Palmer and seconded by Mr. Nunn that Edward A. Nowatski be accepted as peer reviewer for Mr. Martin for a twelve month review. MOTION CARRIED.

- F. MA 83-106 BTR vs. Thomas M. Ebejer, Architect #9105 - Sealing plans prepared by another and practicing outside his registration.

It was moved and seconded that Mr. Ebejer's registration be suspended for a period of twelve months per signed consent order. MOTION CARRIED.

- G. MA 83-128 BTR vs. Mark J. Holmes, Sr., Civil Engineer #2876 - Aiding and abetting

It was moved and seconded that the Board assess an administrative penalty of \$150.00 per signed consent order and that the case be closed. MOTION CARRIED.

- H. MA 83-131 BTR vs. Michael E. Kennelly, Civil Engineer #5045 - Misconduct

It was moved and seconded that the case be dismissed. MOTION CARRIED.

- I. C 84-004 BTR vs. Carl E. Davis, Civil Engineer #8303 - Deceit and misrepresentation

It was moved by Mr. Palmer and seconded by Mr. Riggs that the case be dismissed. MOTION CARRIED.

- J. C 84-005 BTR vs. B.E. Coffman, Land Surveyor #4307 - Deceit and misrepresentation

It was moved and seconded that the case be dismissed. MOTION CARRIED.

- K. C 84-009 BTR vs. Samuel K. Wu Civil Engineer #10013 - Gross negligence and incompetence

It was moved and seconded that the Board authorize the Chairman to sign the consent order. MOTION CARRIED.

- L. C 84-048 BTR vs. Howard Madole, Architect #11136 - Gross negligence and practicing outside his registration

It was moved by Mr. Palmer and seconded by Mr. Riggs that the Board authorize the Chairman to sign the consent order. MOTION CARRIED, with one nay vote.

- M. C 84-049 BTR vs. Domenic Capco, Sanitary Engineer #7584 and Civil Engineer #10883 - Deceptive practice

It was moved and seconded that Mr. Capco's registration be revoked based on his offer of resignation and signed consent order. MOTION CARRIED.

- N. C 84-055 BTR vs. Domenic Capco, Sanitary Engineer #7584 and Civil Engineer #10883 - Incompetency

It was moved and seconded that all further actions regarding Mr. Capco be tabled until such time that his license has actually been turned in to the Board. MOTION CARRIED.

- O. C 84-057 BTR vs. Raymond L. Garrett, Land Surveyor #14180 - Deceit

Mr. Palmer moved that the staff conduct additional investigation and subpoena records of Innis and Flores. The motion was seconded by Mr. Nunn. MOTION CARRIED.

- P. C84-096 BTR vs. Charles Schreiber, Architect #1707 - Failure to apply technical skill and knowledge.

It was moved by Mr. Palmer and seconded by Mr. Minarik that a letter of concern be sent. MOTION CARRIED.

- Q. C 84-097 BTR vs. Rahat Y. Khan, S.E. #13026 - Practicing outside his profession.

Mr. Palmer moved and Mr. Riggs seconded a motion that Mr. Khan be assessed a penalty of \$1000.00 for each finding for a total of \$2,000.00 per signed consent order. MOTION CARRIED.

- R. C 84-111 BTR vs. Arthur Lars, Jr., Architect #15095 - Incompetency.

It was moved and seconded that the first three allegations be dismissed and that Mr. Lara receive a letter of reprimand on the fourth item. MOTION CARRIED.

- S. C 84-112 BTR vs. James R. Brown, Land Surveyor #17121 and Civil Engineer #1770 - Failure to apply technical expertise.

Mr. Palmer moved and Mr. O'Bannon seconded a motion that the case be dismissed.

Mr. Jones did not appear.

Information only; no action required.

- T. C-84-115 BTR vs. Richard L. Poplin, Civil Engineer #12743 - Misconduct.

Mr. Palmer moved and Mr. O'Bannon seconded a motion that a hearing be held. MOTION CARRIED.

- U. C 84-119 BTR vs. Robert L. Starkovich, Architect #4422 - Sealing the plans of others.

It was moved and seconded that the staff review the case and return comments to the Board. MOTION CARRIED.

- V. C 84-126 BTK vs. George C. Hoagland, Architect #8270 - Failure to apply technical expertise.

It was moved by Mr. Palmer and seconded by Mr. O'Bannon that the case be dismissed. MOTION CARRIED.

Other Enforcement Matters

- A. C79-101/C 80-039 BTR vs. Davis A. Stratton, L.S. #7498 - Requesting reinstatement.

It was moved and seconded that Mr. Stratton be advised he would be held for peer review for a period of six months, and that his supervisor will not be permitted to act as the reviewer. MOTION CARRIED.

- B. C 81-020 BTR vs. Mihai Harabor, S.E. #12522 - Third quarter peer review.

Mr. Palmer and Mr. Riggs declared conflicts of interest. No action required; information only.

- C. C81-011 BTR vs. Town of Thatcher

It was moved by Mr. O'Bannon that the Board direct staff to prepare a letter to Mrs. Turner encouraging her to seek legal counsel, as the Board has no further jurisdiction in the case, and that the letter be reviewed by the Assistant Attorney General before sending it to her. Mr. Riggs seconded the motion. MOTION CARRIED.

- D. MA-82-078 BTR vs. Domenic Capco, C.E. #10883 and S.E. #7584 - Report on Topor settlement.

All action regarding Mr. Capco tabled previously.

- E. C 84-010 BTR vs. Raymond L. Jones, L.S. #9432 - Interview. Mr. Jones did not appear.

Information only; no action required.

F. C84-013 BTR vs. Grege A. Passarelli, L.S. #9432 - Interview. Mr. Passarelli did not appear.

Mr. Palmer and Mr. Rigga declared conflicts of interest. In this case, respondents Jones and Passarelli had done two different surveys for Mrs. Rose Lyons and had come to different findings. Mr. Luckow, who had been invited by the Board to give information regarding resolving the surveys, appeared. Mr. Luckow explained that the surveyors concerned had done what they felt to be competent surveys, and they could not reach a compromise. Mr. Motomatsu also informed the Board of the Advisory Committee's findings that there was no evidence of incompetence on the part of either registrant; the Committee recommended dismissal. Mr. Penland moved cases against Mr. Jones and Mr. Passarelli be dismissed and that the staff write a letter to Mrs. Lyons outlining some of the remedies available through the court system, and further that the Assistant Attorney General review the letter before it is sent to her. Mr. Palmer seconded the motion. MOTION CARRIED.

G. C-84-064 BTR vs. Policy

Mr. Nunn announced that he will be resigning from the Board effective July 1, 1985. Also, that he would be advising the Governor that there are some well qualified, outstanding people serving the Board in an advisory capacity. Mr. O'Bannon commented on the progress and improvement of the Board in the years Mr. Nunn has served, and that he considered it an honor to have had the opportunity to serve with him. Other members of the Board expressed their appreciation for his services and help.

XII. Adjournment

There being no further business, it was moved by Mr. O'Bannon and seconded by Mr. Nunn that the meeting be adjourned. MOTION CARRIED.

STATUTE AND RULE REQUIREMENTS
AND CONSTRAINTS ON USE OF SEAL

Questions posed by Mr. Palmer

1. May a registrant seal work prepared by a non-registrant?
2. May a registrant seal work prepared by a non-registrant if the registrant provides significant professional services?
3. If Question #2 is answered by "yes", what is meant by "significant professional service?"
4. If work is prepared by a registrant of another state, may an Arizona registrant seal the work without a review?
5. May a drafting service prepare work in their office and have it considered as being done under the direct supervision of a registrant?
6. If Item #5 is answered "yes", then what level of professional work can the drafting service perform?
7. Must registrants design all portions of work, or may they stamp work designed by contractors? (Example: fire sprinkler system or air conditioning.)
8. May work be specified without the benefit of drawings? (Example: fire sprinklers or elevators.) May registrants spec those things, and have that considered as an acceptable method of work being performed?
9. Must the registrant who has the prime contract stamp drawings prepared by his consultants? If he does that, what is his liability as far as the Board is concerned?
10. Must report and specification index sheets and/or tables of contents be stamped? The Code says the index sheet must be stamped, but there may occasionally be confusion as to which is which.
11. Many times the signature over the stamp obscures the registrant's printed name. Also, sometimes the imprint of the stamp is not clear, or will not copy if stamped with blue ink. A registrant's name and number must be legible. If he produces a seal that is not legible, then may he print his name and number adjacent to the seal?
12. Are mechanical, electrical or fire protection systems considered "structures" under the \$75,000.00 limit? Does each one of these have to be done by a registrant if that particular limit exceeds \$75,000.00?

RESOLUTION

**RESOLUTION OF THE STATE BOARD OF TECHNICAL REGISTRATION
EXPRESSING REGRET AT THE DEATH OF SID FRIER**

WHEREAS, news of the death of Sid Frier on July 10th,
1985, at age 59, came as a profound shock to his many friends;
and

WHEREAS, Sid's accomplishments include service as a board
member in the Arkansas Chapter, AIA; Chapter President and
Secretary of the Gulf States Region; Chairman of the Southern
Conference of NCARB; and President of NCARB in 1983; and

WHEREAS as President, he was instrumental in making the
NCARB examination process more relevant to contemporary
practice, in implementing a degree requirement for professional
registration, and in establishing the Intern Architect
Development Program; and

WHEREAS Sid was a splendid practitioner who knew his
business and practiced his art well, possessing a remarkably
comprehensive knowledge of the profession, its problems, and
potentials;

NOW, THEREFORE, BE IT RESOLVED that the Arizona State
Board of Technical Registration expresses regret at the
untimely death of Sid Frier and expresses its sympathy to his
wife, Margaret, and to his family.

ADOPTED, SIGNED, AND APPROVED THIS 6th day of September,
1985.

Mr. Dalrymple proposed
seats be considered.

Chairman, Board of Technical
Registration

Mr. Palmer proposed that the recognition of advisory
committees in a two-day session at the December
meeting, including a mock formal hearing and a lun-
cheon, be considered.

Mr. Minarik proposed that some enforcement matters
could be handled at telephone conferences, and that
this should be discussed.

- I. Action Item - Appointment of Delegate - Council of Landscape Architectural Registration Boards Annual Meeting.

It was moved by Mr. Cella and seconded by Dr. O'Bannon that Mr. Mlnarik be sent as delegate to the Council. MOTION CARRIED.

- J. Discussion Item - Information Request from Maricopa Association of Governments on Definitions of Conflict of Interest and Full Disclosure.

Mr. Dalrymple commented on the formation of a committee to study these definitions and make recommendations. Mr. Sheets proposed that clearer guidelines be set for rules identifying a conflict of interest or that questioning parties be advised that they have the right and the obligation to demand disclosure clearly from contractors directly in contractor bids. A committee consisting of Mr. Dalrymple, Mr. Mlnarik, and Mr. Brown was formed to discuss the ambiguity of the Board's definitions and to make a recommendation on improving them.

- K. Action Item - Nomination and Election of Officers

The Nominations and Elections were tabled until the end of the meeting so that Mr. Brown might chair the remainder of the meeting.

- L. Information Item - Goals for Board - Stewart Palmer

Mr. Palmer's comments were tabled until the end of the meeting.

VII. Future Board Items

Mr. Cella proposed that the following items be considered at the next Board meeting: rules changes, legislative changes, and the appointment of committees to study these.

Mr. Dalrymple proposed that the Sunset Review comments be considered.

Mr. Palmer proposed that the recognition of advisory committees in a two-day session at the December meeting, including a mock formal hearing and a luncheon, be considered.

Mr. Mlnarik proposed that some enforcement matters could be handled at telephone conferences, and that this should be discussed.

VIII. A meeting of the Legislature and Rules Committee, including Mr. Reid, Dr. O'Bannon, Mr. Riggs, Mr. Cella, and Mr. Palmer, was scheduled for Friday, September 13, 1985, at 9:00 a.m. in Phoenix.

Full Board meetings were scheduled for the following times and locations: September 20 in Phoenix, December 6 in Phoenix, and March 7 in Tucson, to be preceded by committee meetings on December 5 in Phoenix, and March 7 in Tucson.

IX. Vote to Go to Executive Session

It was moved by Dr. O'Bannon and seconded by Mr. Brown to go to Executive Session. MOTION CARRIED.

Minutes of and discussions made at an Executive Session are required by law to be kept confidential and shall not be communicated to any person outside this meeting room, except a public officer or employee who is the subject of the discussion, pursuant to ARS Section 38-431.03.A.1.

Exemptions and limitations

A. Architecture, engineering, geology, assaying, landscape architecture or land surveying may be practiced without compliance with the requirements of this chapter by:

- 1. An officer or employee of the United States, practicing as such.
- 2. An employee of a registrant or of a person exempt from registration, if such employment does not involve direct responsibility for design, inspection or supervision.
- 3. A nonregistrant who designs a building or structure, the cost of which does not exceed seventy-five thousand dollars, or who designs alterations to any one single story building, the cost of which does not exceed twenty thousand dollars, or who designs a detached single family dwelling or additions or alterations to such dwelling.
- 4. A nonregistrant who designs a water or wastewater treatment plant, or extensions, additions, modifications or revisions, or extensions to water distribution or collection systems, if the total cost of such construction does not exceed five thousand five hundred dollars.
- 5. A nonregistrant who designs buildings or structures to be erected on property owned or leased by him or by a person, firm or corporation, including a utility, telephone, mining or railroad company, which employs such nonregistrant on a full-time basis, if the buildings or structures are intended solely for the use of the owner or lessee of the property and are not for sale to, rental to or use by the public.
- 6. A nonregistrant who provides horticultural consultations or prepares planting plans for plant installations.

B. The requirements of this chapter shall not apply to work done by any communications common carrier or its affiliates or any public service corporation or manufacturing industry or by full-time employees of any of them, provided such work is in connection with or incidental to the products, systems or non-engineering services of such communications common carrier or its affiliates or public service corporation or manufacturing industry, and provided that the engineering service is not offered directly to the public.

ABSENT: Jimmie R. Nunn, Member

Those present constituted a quorum.

III. Adoption of September 6, September 27, October 11, and October 21, 1985 Minutes

Mr. Palmer pointed out that on page 7 Section IX. of the September 6, 1985 minutes there was a blank spot where the motion to go into Executive Session had been seconded. Mr. Brown said he had seconded the motion and his name was inserted. On page 8 Section F. it was determined that Mr. Cella made the motion and Mr. Brown seconded it. It was then moved by Mr. Cella and seconded by Mr. Brown that minutes of the September 6, 1985 meeting be adopted with corrections. MOTION CARRIED UNANIMOUSLY.

Mr. Palmer pointed out that on page 2 Section VI. of the September 27, 1985 minutes it states that he had made the motion to adjourn; however, he was not present at this meeting. Mr. Brown said he made the motion. It was moved by Mr. Cella and seconded by Mr. Brown that minutes of the September 27, 1985 meeting be adopted with corrections. MOTION CARRIED UNANIMOUSLY.

Mr. Palmer asked Dr. O'Bannon to look at page 2 Section V. of the October 11, 1985 minutes and confirm the cutoff scores for professional examinations. Dr. O'Bannon stated these percentages were correct. It was then moved by Mr. Cella and seconded by Mr. Brown that minutes of the October 11, 1985 meeting be adopted. MOTION CARRIED UNANIMOUSLY.

Mr. Palmer asked Mr. Cella if he had made the motion under Section III. of the October 21, 1985 minutes. Mr. Cella said he had and Mr. Brown said he had seconded it. It was moved by Mr. Cella and seconded by Mr. Brown that minutes of the October 21, 1985 meeting be adopted with corrections. MOTION CARRIED UNANIMOUSLY.

IV. Standing Committee Reports

A. Legislative and Rules

1. Mr. Cella reported on meetings held with Representative Dave Carson in an effort to revise Statute 32-144 in accordance with the Auditor General's recommendation. One item there was some discussion about was on the matter of pre-engineered steel buildings. Mr. Cella read from Mr. Carson's proposal. He stated he was troubled by the fact that a non-registrant could build a 100,000 square foot factory with office partitions (or a school) as long as he used a pre-engineered steel building for the shell and a registrant said the structural integrity was OK. Mr. Palmer suggested the sub-committee try to revise Section 6 and get back to the full committee.

Mr. Palmer presented Ms. Eleanor Smith with the AIA. She stated that the Arizona Society of the American Institute of Architects Government Affairs Committee is supporting the following modification:

"A non-registrant who designs any detached single family residence or subsidiary buildings, structures and/or improvements related thereto including alterations or additions which do not affect the safety, stability, or structural integrity of such buildings or structures."

Mr. Cella stated that the Legislative Committee recommends that the Board of Technical Registration be continued to license geologists, assayers, and landscape architects. They also recommended the Board of Technical Registration be continued for ten years. They talked about pre-engineered steel buildings being added to those structures a non-registrant may design; amended a couple of the Articles to allow insurance companies to report malpractice claims. The other changes are just housekeeping.

2. Mr. Dalrymple stated Rule R4-30-224 was brought up at Dr. O'Bannon's request; he's expressed a number of times the desire to talk about the possibility of increasing education requirements for engineer candidates. Dr. O'Bannon stated he thought everybody on the Board knew his position. Anybody can be registered in this state without ever having any formal advanced training in engineering; he thought this was entirely wrong. He said the model law for engineers called for three years of education and that was going to have a lot of fight and hassle but it would be nice if Arizona took the lead on things instead of always being the follower. Mr. Harris of the Attorney General's Office stated he thought the change would have to be done through a statute change. After a detailed discussion Dr. O'Bannon moved that we require two years of education before licensing. Mr. Riggs seconded it. Mr. Penland offered an amendment to the motion that the Board through its Legislative and Education Committee make a recommendation that implements the concept of formal education for all the disciplines. The amendment was accepted. MOTION CARRIED UNANIMOUSLY.

3. Rule R4-30-106--Landscape Architect Examination Fees - Mr. Palmer asked Mr. Mlnarik if he had more information on the proposed change to the landscape architects examination structure. Mr. Mlnarik said he had the results of the CLARB meeting that occurs further down on the agenda; he wondered if he could combine the two. Mr. Mlnarik stated that basically what happened at the CLARB meeting in Omaha in September was that CLARB is continuing the four-part exam. Mr. Mlnarik asked Mr. Dalrymple to correct him if he was wrong that the new fee structure is \$100 an exam. Mr. Dalrymple said he wasn't sure about the total exam. Mr. Cella stated it affected our fee on page 5 of the rules--Regrading of Examination--we're now allowed to charge \$65; CLARB is saying they will charge \$100. We would require a rule change if that was accepted by the Board. Mr. Palmer then assigned the Legislative and Rules Committee to review.

Mr. Sam Maroufkha asked to speak to the Board because the Evaluation Committee had denied him for lack of time in experience to take the exam. Dr. O'Bannon stated he had denied this for lack of eight years of education and/or experience on the basis of the fact that he has a Masters Degree in Industrial Engineering, he did take two courses (six hours), which represents one-fifth of the degree in Civil Engineering, but our law doesn't allow us to give partial credit on Masters programs. Giving four years for his education, he needs a total of 48 more months at this point in time. Mr. Cella stated he had gone through the file and seconded Dr. O'Bannon's opinion. There was a discussion of the Board Members' impression that we give pro rata credit to people of the undergraduate level, but the Board never made it a policy to give pro rata credit to people in a Masters Program. Dr. O'Bannon then moved to deny Mr. Maroufkha's application for lack of nine months as of this date. Mr. Penland seconded the motion. MOTION CARRIED UNANIMOUSLY. Mr. Cella asked that the Attorney General's Office review Rule R4-30-222 B. and come up with an opinion on whether the Board was correctly interpreting what is written in the rules.

4. Discussion on Need for Additional Changes in Legislation or Rules - Mr. Riggs commented that we require architects and engineers or anyone who is registered seal any reports, drawings or specs they prepare and issue; what we don't do is require observation during the construction phase of projects. Mr. Palmer referred the matter to the Legislative Committee to research what laws we need to change or add to to implement the requirement that architects and engineers observe the construction progress. Housekeeping changes should be submitted to the committee prior to January 1 and they would incorporate them into their recommendations. After some discussion, it was suggested that the Rule Committee come up with the new revised rules as required by changes in the Legislation and corrections and then go through the normal processes of the Attorney General's requirements.
- B. Mr. Palmer thanked the Education and Examination Committee and the attorneys from the Attorney General's Office for the fine program they put on December 5.
1. Psychometrician Bids - Mr. Mlnarik stated they had received three proposals for psychometrician services: 1) Jack Warner, Aurora, Colorado, 2) Hay Management Consultants, Los Angeles, and 3) Dr. Lawrence Aleamoni, Tucson. Dr. O'Bannon stated that if Mr. Warner's bid was clarified in the area of test analysis as to exact duties, he was supportive of his bid; Aleamoni was his second choice. Mr. Mlnarik agreed with Dr. O'Bannon's choice and recommended that the Board get back in touch with Mr. Warner and

B.2 clarify what his fee covered. Mr. Palmer stated the proposals had come in late and had not been reviewed thoroughly and suggested the bids go back to the Education and Examination Committee for reevaluation and decide on a definite proposal looking at both what was asked for in the Request for Proposal and the results that come in, clarifying the fees.

2. Landscape Architect Examination - Mr. Mlnarik stated he had covered this under Legislative Rules.

C. Finance

1. 1985-86 Budget Report - Mr. Riggs stated that the Finance Committee held an emergency meeting December 5 at 9:45 p.m. and determined that they would tape future meetings. Mr. Dalrymple stated that the 1985-86 budget was in good shape; they had just completed the first quarter's evaluation. The balance is \$300,975 after \$142,425 was spent in the first quarter.

2. 1986-87 Budget Report - Mr. Dalrymple stated that they were in the process of budget review by the JLBC. The budget request for 1986-87 amounted to \$650,600.

V. Evaluation Committee Reports and Adoption of Reports (Exhibit B)

A.1. Dr. O'Bannon stated Mr. Hendricks, #85276 has made an appeal requesting that one question of his engineering exam taken in April 1985 be regraded. Dr. O'Bannon moved and Mr. Riggs seconded that Mr. Hendricks' appeal be denied. MOTION CARRIED UNANIMOUSLY.

B.1. Mr. Mlnarik moved and Mr. Brown seconded that the Board adopt the Evaluation Committee's report shown in Exhibit B.1. and that applicants Slack thru Weiland be granted professional registrations; the professional registration numbers are shown in Exhibit C.1. 18971 thru 19092. And that the following individuals be granted registration beginning with numbers 19093 thru 19112 agricultural engineer-Brophy; chemical engineer-Yoest; civil engineers-Behrana, Boston, Bryant, Crank, Decker, Epler, Esmaili; electrical engineers-Jay, Lima; mechanical engineer-Keane; structural engineers-Kleveter, Lundervold, Rolsing, Yarmus; geologists-McCurry, Smith; architect-Eubank. MOTION CARRIED UNANIMOUSLY.

- B.2. Mr. Mlnarik moved and Mr. Riggs seconded that the applicants shown in Exhibit B.2. Youngs thru Sahli be held for those parts of the appropriate exam stated. MOTION CARRIED UNANIMOUSLY.
- B.3. Mr. Mlnarik moved and Mr. Brown seconded that the applicants Chesser thru Thomas be granted their withdrawal. MOTION CARRIED UNANIMOUSLY.
- B.4.-B.5. Mr. Mlnarik moved and Mr. Brown seconded that the applicants Abrishamifar thru Preiss be denied for reasons shown. MOTION CARRIED UNANIMOUSLY.

VI.

Mr. Mlnarik moved and Mr. Brown seconded that the applicants for professional registration shown in Exhibit C be granted. MOTION CARRIED UNANIMOUSLY.

VII.

- A. Mr. Penland stated that the 85-10 Exam was administered with two separate components; a regional component of 72 items and a states specific component of 28 items. Mr. Penland stated that we had developed a western region survey module that represents that 72-item portion of the exam and our next task will be to determine the appropriate cut score. Mr. Penland said Mr. Jack Warner of Colorado had set some time aside from the Land Surveyor Workshop next Friday and Saturday to visit specifically with Arizona and get us started on the right path of determining that cut score and work with us quite closely. Mr. Penland hoped that we would have an expanding list of states that are involved in our western survey module; currently we have Colorado, Nevada, New Mexico, Arizona, Wyoming and Utah. Mr. Cella stated we had received proposals from psychometricians and wondered how they would be tested or graded. Mr. Penland stated on the regional component Mr. Warner, the psychometrician, assists in determining the cut-off score based on questionnaires sent out to the individual states identifying on an item by item basis; the 28-item will be settled at the Friday and Saturday meeting with Mr. Warner.
- B. Mr. Palmer read the letter from NCEE which stated that all nominations for Outstanding Recognition Award must be received by the Chairman of the Awards Committee, Sam Wainwright, by December 31, 1985 in order to be considered for awards given next August. Mr. Penland moved and Mr. Riggs seconded that the Board of Technical Registration endorse the nomination of Sally VonKaenal, wife of John VonKaenal, as recipient of a special award for outstanding service to members of NCEE.

- C. Mr. Mlnarik stated he had already covered the results of the CLARB meeting.
- D. Mr. Cella stated he had attended the ABET evaluation at the Engineering College at ASU. the final report is not out; however, from the Board's standpoint the program was competent and has done a good job in the short time it has been in existence.
- E. Mr. Palmer stated he had attended the ABET evaluation of ASU engineering technology program and said it should be watched very closely by anyone evaluating engineering programs. There was discussion about the difference in pay between the people teaching engineering and people teaching engineering technology. There is not much cooperation between the two branches.
- F. Sunset Review - Discussed already.
- G. Building Official Survey Results - Mr. Dalrymple stated that at the last Board Meeting it was requested that we find out what some of the major Building Departments in the state were doing in regard to 32-144. A questionnaire was mailed out to large counties and cities to indicate what portions of the building plan they are requiring professional stamps on when the construction cost exceeds \$75,000, and what portions they require stamps on when an additional alteration cost exceeds \$20,000. The major Building Departments are staying well in line with what the law says. The biggest deviation appears to be with Coconino County; they require stamps on architectural and structural plans if they exceed \$75,000 at all times and some times require them on electrical, mechanical and plumbing site plans. We need to know whether the Board wants to require all portions of the plans be stamped when they exceed the requirement in the law; there seems to be a variance as to whether or not the so-called minor portions--electrical, mechanical, plumbing--require stamping. The Rules Committee was directed to work on general guidelines on what is incidental to the work of a registrant.
- H. Fire Protection Engineer Registration Request - Mr. Palmer stated he was giving this item to the Rules Committee for review.

- I. Gang-Nail reply to Board's request for information on computer program - Mr. Dalrymple stated that he had written them a letter asking if they would guarantee that they could be sealed and whether they had any Arizona registrants as principals or officers of the firm and just what they were offering. Mr. Cella quoted from the Gang-Nail letter of November 26, 1985 to Mr. Dalrymple:

"When the customer needs a sealed and signed engineering drawing, he dumps the information into the engineering department. That information is run again on the Gang-Nail Systems computer on site. The output is double-checked by a staff engineer who is registered in the appropriate state. After verification, the drawing is signed, sealed, dated, and mailed to the requesting customer."

Mr. Cella suggested a letter be written to say it was unclear in this paragraph as to the function of the engineer; it should state that in order to comply with our state regulations these are the things your engineer has to do and outline what we feel their engineer's responsibilities are with respect to the design of that truss and advise them that he is expected to act as the structural engineer and assure himself that all the data that is used in input and output is acceptable.

- J. Bid Proposals for Psychometrician Services - Already covered.
- K. Discussion of December 13-14 Land Surveyor Examination Review Workshop - Already covered.
- L. California Structural Engineer Examination: Feasibility of Use - Mr. Dalrymple stated he had gone to California and talked to the staff members and some of the Engineering Board members on the possible use of the California Structural Examination in Arizona. They have developed their own structural examination; they do not use the NCEE examination at all. This examination is currently being used by California, Washington, Nevada and Hawaii. It is a 16-hour examination and given in August of each year. This examination has not been validated but they are in the process. Dr. O'Bannon thought that if Arizona adopted the California examination that would exclude all the other 47 states and he opposed it. It was given back to the Education Committee to work out.

M. Definitions of Conflict of Interest and Full Disclosure - Mr. Dalrymple stated that as directed by the Board, there was a meeting held between representatives of the Board--Mr. Brown, Mr. Mlnarik and him--the representative for the Association of Governments, Dennis Smith and the representative from ADOT, Verne Doyle, to discuss primarily M.A.G.'s concern on the rule wording in regard to Conflict of Interest. They asked for a detailed description of what conflicts of interest were and what constituted full disclosure. M.A.G. did not notice in their contract with an engineering firm that there was a sentence that said that one of the engineers working for the firm was doing work in the same area for another client. Mr. Hover said that a registrant shall not accept an assignment where ... client or the public will conflict with the registrant's personal interest or the interest of another client without full disclosure of all material. He feels that the rule is adequate for all its needs and that there is no real need for us to go any further. The matter was referred to the Rules Committee for consideration.

VIII. Public Comment

Discussion of NCEE Professionalism and Ethics Committee Meeting - Mr. Dalrymple stated he had been appointed to the NCEE Professionalism and Ethics Committee that met in Atlanta, Georgia last month. The Committee will recommend to NCEE an additional set of questions be added to the NCEE Professional Examination that will cover ethics. What the Committee decided to recommend to NCEE is that a problem on ethics be included in the special examination in addition to the current examination, that an additional half hour be allotted for the answering of that question, and that that question not be graded as part of the pass/fail grade that each candidate receives; that the grade on the ethics question be reported separately to the state that the person is trying to get registered in and then the state can utilize that in any way they so desire. It was felt that it was better not to put it into the examination pass/fail grade because of the possible legal problems associated with judging a subjective-type ethics question.

IX. Future Board Items

Mr. Palmer stated that at the last Board Meeting we talked about having a discussion on evaluation prior to the next Board Meeting. March 6 was set for this discussion on consistency in evaluation.

X. Future Board Meetings

Mr. Palmer stated that the next three scheduled Board Meetings would be March 7, June 6 and August 29.

XI. Chairman Comments

Mr. Palmer stated that the goals for 1985-86, namely the enforcement action on the computer by December 31, 1985, were accomplished.

XII. Vote To Go To Executive Session

Mr. Riggs moved and Mr. Mlnarik seconded to go to Executive Session. MOTION CARRIED UNANIMOUSLY.

RETURN TO OPEN SESSION

XIII. Enforcement Matters

A. Recommendation for Enforcement Advisory Committee Members Appointments

1. Engineering Committee - Joseph A. Gervasio, P.E.-- Motion to appoint upon recommendation of Board member after investigation. Assigned to Mr. Mlnarik for investigation.
2. Public Member - Charles W. Douglas--Motion to appoint upon recommendation of Board member after investigation. Assigned to Mr. Riggs for investigation.
3. Public Member - John T. Hestand--Motion to appoint upon recommendation of Board member after investigation. Assigned to Mr. Brown for investigation.
4. Engineering Committee - Oscar T. Lyon, Jr., P.E.--Mr. Cella moved and Dr. O'Bannon seconded that Mr. Lyon be made a member of the Engineering Committee. MOTION CARRIED UNANIMOUSLY.

B. Disciplinary Actions

1. C 84-052 BTR vs. Joseph Jones, L.S. #04491 - Violation of local building codes

Mr. Cella moved and Mr. Brown seconded imposition of a \$400 administrative penalty, that he make a \$600 restitution and that consent order be signed. MOTION CARRIED UNANIMOUSLY.

2. C 84-117 BTR vs. Stewart W. Cleave, Architect #10056 - Failure to affix seal; failure to apply necessary technical skill and knowledge; engaged in practice outside registration

Mr. Palmer declared a conflict of interest. Mr. Cella moved and Mr. Brown seconded that he receive a \$250 administrative penalty and a letter of reprimand. Mr. Riggs amended the motion by increasing the administrative penalty to \$1,000 via negotiation and it was seconded by Dr. O'Bannon. Mr. Cella opposed the amendment. The amendment was called to vote. MOTION CARRIED 4 to 1.

3. C 84-134 BTR vs. Nicholas Gouvis, C.E. #14834 - Failure to affix seal

Mr. Cella moved and Mr. Brown seconded to return this case to committee chairman for clarification of substantiated issue. MOTION CARRIED UNANIMOUSLY.

4. C 84-158 BTR vs. Stephen F. Patterson, C. E. #11238 and L. S. #11279 - Failure to apply necessary technical skill and knowledge; engaged in practice outside registration; violation of city codes

Mr. Cella moved and Mr. Penland seconded to negotiate a \$2,000 administrative penalty and restricted practice. Dr. O'Bannon amended the administrative penalty to \$2,500 and it was seconded by Mr. Riggs. Mr. Cella accepted the amendment. MOTION CARRIED UNANIMOUSLY.

5. C 84-161 BTR vs. Paul S. Sutherland, C.E. #16400 - Aiding and abetting; gross negligence and incompetence; sealed plans not prepared by self or bonafide employee; engaged in practice outside registration; violation of building codes; misrepresentation

Mr. Cella moved and Mr. Brown seconded imposition of a \$2,000 administrative penalty and assurance of discontinuance in structural engineering and that consent order be signed. MOTION CARRIED UNANIMOUSLY.

6. C 84-162 BTR vs. James M. Samer, C.E. #04424, S.E. #04770 and L.S. #16193 - Failure to apply necessary technical skill and knowledge

Mr. Cella moved and Mr. Riggs seconded a letter of reprimand and proof of payment and that consent order be signed. MOTION CARRIED UNANIMOUSLY.

7. C 85-006 BTR vs. James I. McCausland, C.E. #07646 - Gross negligence and incompetence
Mr. Cella moved and Mr. Riggs seconded that revocation of his license be pursued. MOTION CARRIED UNANIMOUSLY.
8. C 85-008 BTR vs. Archibald E. Ferguson, C.E. #01616 - Inadequate survey
Mr. Cella moved and Dr. O'Bannon seconded to return to advisory committee chairman for clarification of issues. MOTION CARRIED UNANIMOUSLY.
9. C 85-039 BTR vs. Charles Schreiber, Architect #01707 - Failure to apply necessary technical skill and knowledge
Mr. Cella moved and Mr. Riggs seconded to dismiss the case. MOTION CARRIED UNANIMOUSLY.
10. C 85-060 BTR vs. Douglas Whitneybell, Architect #10362 - Failure to affix seal
Mr. Cella moved and Mr. Riggs seconded imposition of a \$500 administrative penalty and that consent order be signed. MOTION CARRIED UNANIMOUSLY.
11. C 83-010 BTR vs. Charles E. Martin, C.E. #05968 and L.S. #16162 - First of four peer reviews for approval
Mr. Riggs moved and Dr. O'Bannon seconded to return to advisory committee for evaluation. MOTION CARRIED UNANIMOUSLY.
12. MA 83-126 BTR vs. Charles T. Sing, L.S. #15909 - Third and fourth of six peer review for approval
Mr. Cella moved and Mr. Riggs seconded to approve third and fourth peer reviews. MOTION CARRIED UNANIMOUSLY.
13. C 84-057 BTR vs. Raymond Garrett, L.S. #14180 - Failure to respond to subpoena
Mr. Cella moved and Dr. O'Bannon seconded to request the Attorney General's office to institute civil action for failure to respond to subpoena and to prepare case for formal hearing. MOTION CARRIED UNANIMOUSLY.
- Mr. Cella moved and Dr. O'Bannon seconded to prepare for a formal hearing. MOTION CARRIED UNANIMOUSLY.

14. C 84-098 BTR vs. Donald E. Surface, C.E. #07373, S.E. #08017 and L.S. #16203 - Selection of peer reviewer; Consent Order signed 10/8/85, \$2,000, assurance of discontinuance and peer review

Mr. Cella moved and Mr. Brown seconded to approve peer review, impose a \$2,000 administrative penalty and assurance of discontinuance in advertising mechanical engineering services and consent order be signed. Dr. O'Bannon was appointed to select a peer reviewer. MOTION CARRIED UNANIMOUSLY.

15. C 84-116 BTR vs. Donald E. Surface, C.E. #07372, S.E. #08017 and L.S. #16203 - Consent Order signed 10/8/85, \$1,000

Mr. Cella moved for imposition of a \$1,000 administrative penalty and that consent order be signed.

16. C 84-131 BTR vs. Christopher Tychowski, S.E. #13965 and C.E. #12915 - Consent Order signed 10/23/85, \$1,500, assurance of discontinuance

OPEN SESSION MINUTES

ARIZONA BOARD OF TECHNICAL REGISTRATION

TELEPHONE CONFERENCE

DECEMBER 31, 1985

I. Call to Order

The special meeting of the State Board of Technical Registration held at 1645 W. Jefferson, Suite 140, in Phoenix, AZ 85007, was called to order by Chairman, Stewart R. Palmer at 8:30 a.m..

II. Roll Call

Ms. Douglas took roll call.

PRESENT: Paul W. Cella, Vice-Chairman
Ronald J. Mlnarik, Secretary
Silas C. Brown, Member
Charles E. O'Bannon, Member
Reid Penland, Member
John B. Riggs, Member

Ronald W. Dalrymple, Executive Director
LaVern Douglas, Licensing Manager

ABSENT: Stewart R. Palmer, Chairman

Those present constituted a quorum.

III. Mr. Penland wondered whether a cost figure had been resolved with psychometrician, Jack Warner. There is a discrepancy between his \$25.00 per form fee for scanning exams and the \$.56 and \$2.50 per hour per form from the other two bids.

Dr. O'Bannon wondered how many "forms" in a year. Dr. O'Bannon moved and Mr. Penland seconded to accept the proposal by Mr. Warner provided he clarifies in writing as to the cost of the duties he is to perform in the scanning of each form. MOTION CARRIED UNANIMOUSLY.

IV. Mr. Dalrymple stated that Mr. Kesler, a Land Surveyor/test writing committee member from Kingman, has been working on the development of a regional examination and participating at his own expense. The process has become more involved than anticipated. The Purchasing Department has agreed to reimburse Mr. Kesler for actual expenses if the Board so desired. Dr. O'Bannon moved and Mr. Penland seconded to reimburse Mr. Kesler his expenses of \$750.00. MOTION CARRIED UNANIMOUSLY.

V. Meeting adjourned.
